# foreword

FRIENDS, this is the nineteen hundred and twenty-three Panther. It is yours for you to enjoy. In it we have tried to record some of the various activities of your happiest school year, and to depict the reason for your undying love for your school—the indomitable spirit of Central.

If we have placed something in this little book that will cause you, as you turn through its pages in the future years, to think of your high school days with happy memories and recollections of many happy days; if its good points overshadow its bad, then we are satisfied.

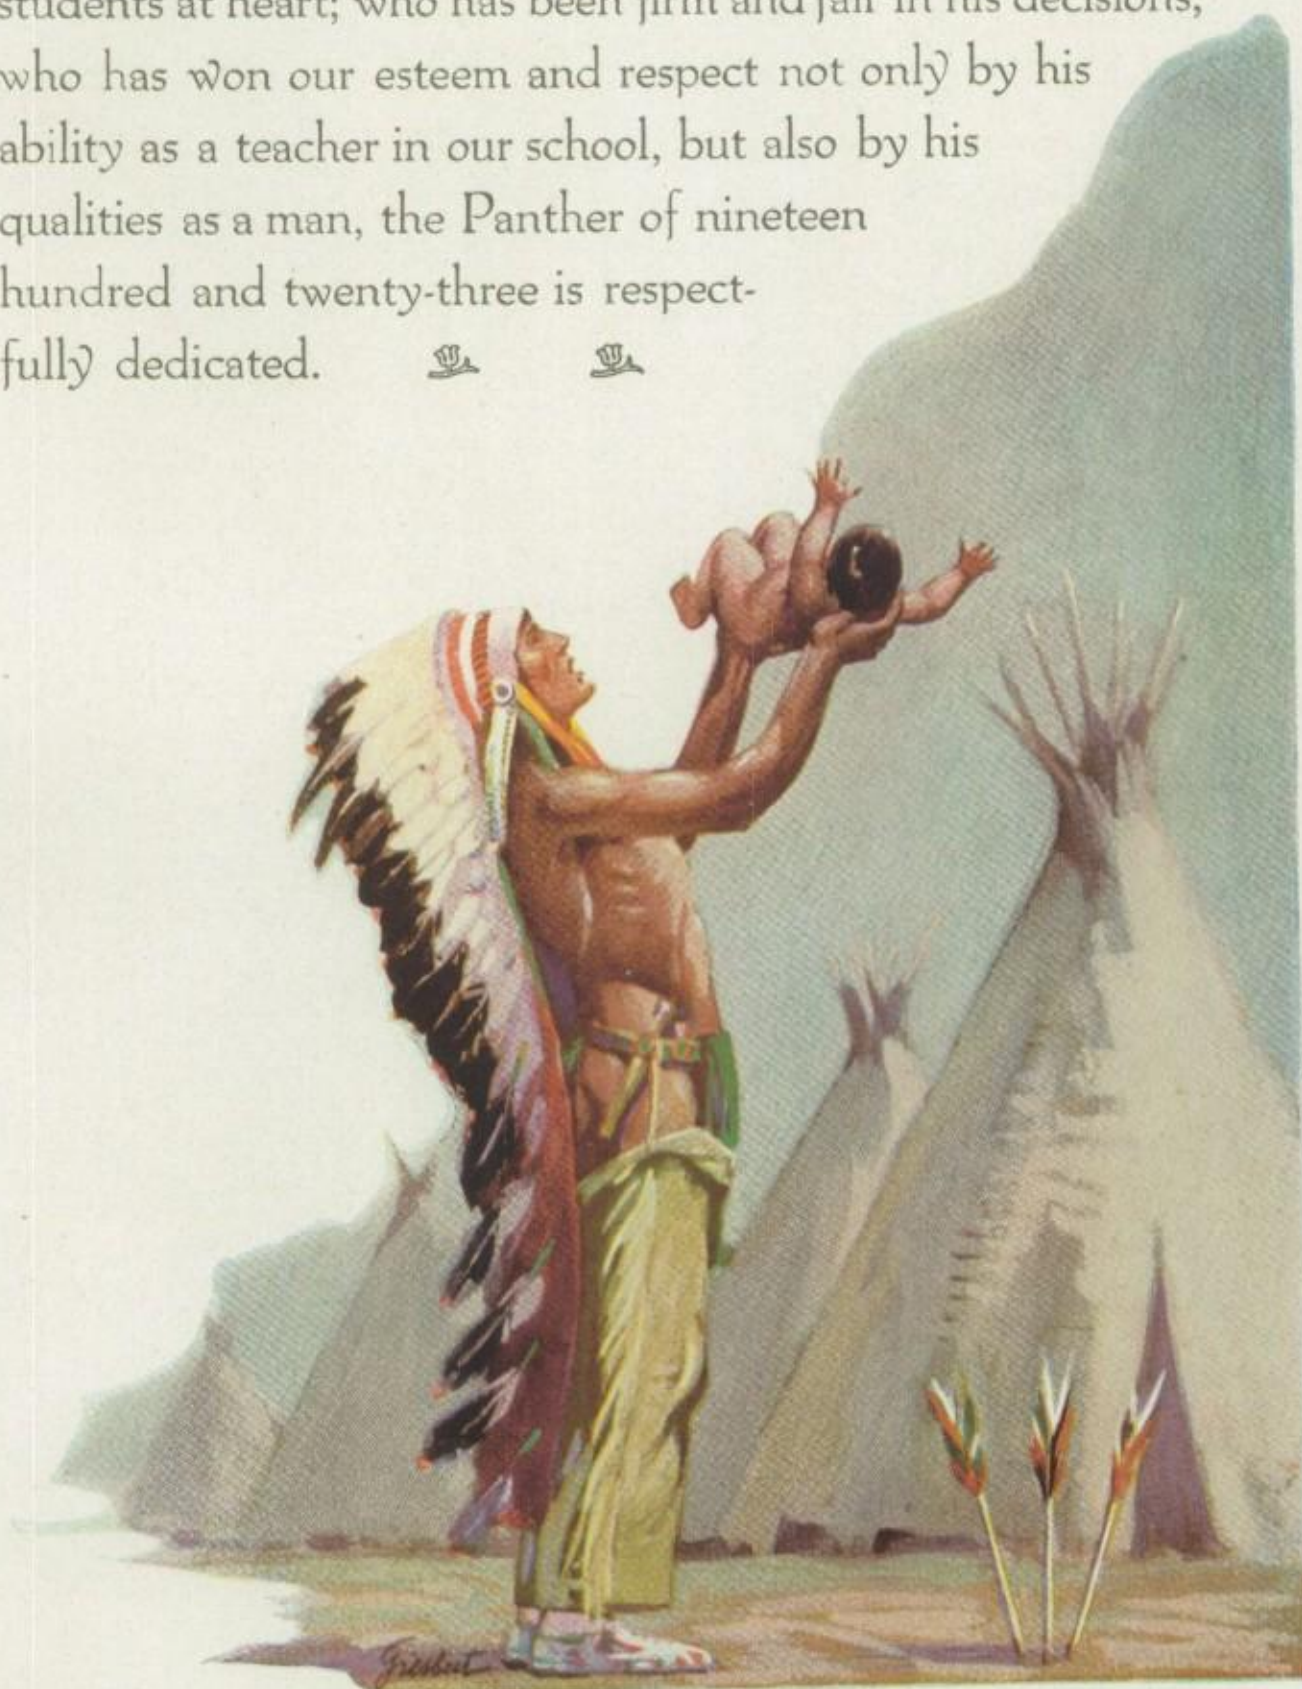

TO MR. H. J. EDENS, Teacher of Chemistry, a man of high ideals and fine influence, who has always had the interests of Central High School and the welfare of the students at heart; who has been firm and fair in his decisions; who has won our esteem and respect not only by his ability as a teacher in our school, but also by his qualities as a man, the Panther of nineteen hundred and twenty-three is respectfully dedicated.      ☞      ☞

## THE BUILDING SPEAKS

Till my highest wall is ruining,  
And my last brick scattered to dust,  
I shall send you out and send you out  
And each shall carry a trust.

Vines may hide my turned facades,  
My arches may be overgrown,  
If my name go on and still go on,  
My dust may return to its own.

—Jake Zeitlin.

## CLASS POEM

### GRADUATION

Tho shouting the chants of freedom  
We enter the bondage of life,  
From the sheltered halls of wisdom,  
Only half reckoning the strife.

Some of us eye with high laughter  
Each twist of the road we shall travel,  
Viewing as new adventure  
Each thread that the fates unravel.

Still others eye with misgiving  
The mist-hid years ahead,  
Mourning the past as the living,  
Seeing the future as dead.

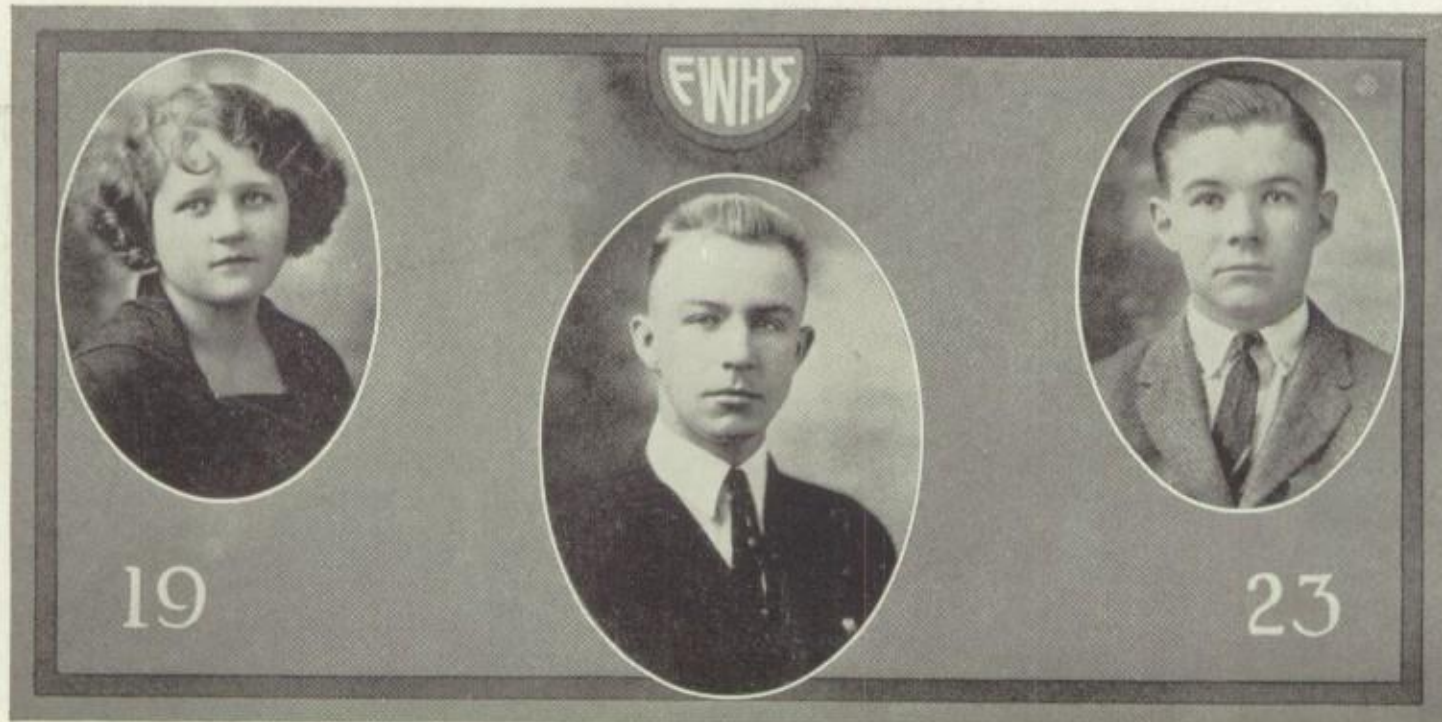

But neither the one nor the other  
Is gifted for seeing aright.  
The future shall bring each his honor  
And his meed as he sees the light.

## CLASS PROPHECY

IT IS THE spring of 1943. Last Saturday night Fort Worth once more celebrated the opening of her world-famous Fat Stock Show with the most gorgeous pageant ever produced. Mayor Jack Gregory crowned Queen Mildred of the House of Bransford, whose beauty, so it is whispered, is partly owing to a plastic surgery operation by Dr. C. B. Brewster.

Somewhat dazed by this spectacular affair I wandered about the familiar grounds until I happened upon the tent of a withered old Egyptian, who assured me that by gazing into his crystal globe for but a moment I might see all the past, present and future.

"I wonder where are the friends of yesteryear?" I thought, and as I looked into the crystal, dim figures appeared, gradually becoming more distinct until, with a rush, these scenes passed before me:

Henry L. Shepherd is now the American ambassador to the Court of St. James, where, much to his pleasure, it is still considered proper to wear knee breeches. Now being a member of every club of importance in the world, his customary two rows of club pins reach quite to his silver shoe-buckles. Margaret Caldwell is a world-famous educator, having recently been elected president of Smith College, where Marsie Cheek holds the Latin professorship. Paderewski's place as premier pianist has long been occupied by Fae Corbitt, who, having gained fame under her maiden name, still retains it. Maxine Shannon and Miller Sparks were recently employed by Margaret Horton, who now heads the Chicago Grand Opera Company. John Campbell is President of these United States. The First Lady of the Land will be remembered perhaps as Miss Gladys Hart. The Cabinet includes such celebrities as: Mrs. Nelle Byrne McCue, Elizabeth Strickland, Nilwon Nowlin, James Ryan and Allen McCue. Washington has been in a commotion over the political fight being waged between Senator Joe Thomas, Democratic Leader, and J. W. Kennedy, Speaker of the House. Besslu Senter is mistress of the Governor's mansion at Austin and Marjorie Colvin is very active in church work there. Donald Frazee has become well-to-do by the accidental discovery of a popular breakfast food, made from sun flower seed, which are plentiful on his Handley estate. Elmore Hudson, famous architect, was recently awarded first prize by the International Association of Artists for an original design in hen-coops. Sunshine Richter, the portrait painter, has been enjoying a vacation on the Riviera after the labor of executing a portrait of Roger Hughes. The services of Mary Joe Rogers are now much sought after, since she has gained such widespread recognition for her knowledge of kindergarten instruction. Alice Jennings, famous for her charming novels, has recently collaborated with Roberta Johnson on the book, "Secret Secrets." Hugh Brooks was sent down to take charge of the new astronomical observatory at Benevida, Peru, and with him went Luther Mansfield, official government interpreter. Thekla Lockhart, who has achieved considerable distinction as an interior decorator, is now located in London, where she is remodeling Buckingham Palace. Forest Hurley, attorney with the firm of Hurley, Titsworth and DeWitt, recently won the most gigantic case ever before a Federal court when he successfully defended Chester Haltom in a suit brought against him for false rendering of his income tax. George Quillen, the successor to Will Rogers, was in Fort Worth recently for an operation by Herschel Thomas who, with his partner, Harry Pendrey, is broadly recognized for his surgery.

# The Panther

Chili Pruden and Peyton Bryan, after having attended Yale, Harvard, Princeton and Dartmouth, are now studying at Oxford, and are still living luxuriously on the funds of the 1923 Panther. Joe Summerfield is reckoned as one of the foremost living scientists, having won recognition by his researches on "The Possibilities of Pulsating Protoplasm." Ras Pemberton, after unsuccessfully endeavoring to take the place of Harold Lloyd in the "movies," is now owner of the Doll-House Furnishing Company. After a week's visit to Senior High, Dr. Elizabeth Van Tuyl has discovered an unfailing cure for brain fever. Howard Banner has evolved into a reserved and sagacious colonel in the army—Salvation Army. Ansel Greer has abandoned his interpretative dancing to become football coach at Harvard. Hugh Bishop is with Princeton in the same capacity. Joe Cornwall, Shirley Mann, and Oran Steadman were recently acquitted in the oil fraud investigation conducted by Francis Smith, the new district attorney. The twins, Ila and Lila Walker, have married twin brothers, are now living in the Twin Cities, and each one has the sweetest little twin-six roadster. Christopher Byrne owns the controlling interest in a local Sta-Comb factory. Archie Poston, known as the "best dressed man" in Baltimore, has founded a medical museum there, although his practice frequently calls him to New York, where Helene Cook maintains her School of Interior Decorating. Marjorie Massengale is co-editor of the Bluetown Bugle, although there are rumors of her engagement to a prominent commercial artist. Robert Bennie is in the hemp-rope business in the Philippines, where Earl Mabry is conducting experiments to determine the effect of heat on a disordered intellect. Grace Williams is Dean of the Waxahachie Conservatory of Music, where Pauline Dyer is the artist teacher of the mouth harp, and Margaret Justice gives recitals on the Edison. Wilma Young teaches domestic economy at the University of California. Tom Saunders, famous globe-trotter, has been writing a series of articles for the Saturday Evening Post on, "Wild Mice I Have Slain." Harold Olivey and H. J. Fry, explorers, have aroused the interest of the world by their excavations at Wautauga, which prove that a civilization existed there even before the advent of "Soggy Bill" James. Edwin Jennings and Fisher Reynolds have at last influenced the Textbook Commission to adopt their new work on mathematics, "Two Plus Two—Or Why?" Mary Stovall, fashion designer, has been employed all summer on the trousseau of Vivian Blackmon, who is to be married in October to a well-known Handley sportsman and clubman. Odalie ogan is head of a large orphans' home in Mexico, where she has ample opportunity to demonstrate her theories of a milk diet. Elmo Johnson owns a cattle ranch nearby.

Lycurgus Brown, who will be remembered for his giant viaduct connecting Fort Worth to its rapidly growing suburb, Dallas, is engaged on the construction of a tunnel from London to Galveston. Martin Moses is the commanding officer at West Point. Florine Helm, Elizabeth Tobin, and Bess Buchanan, are prominent Fort Worth club women. Wilson Kermichel, having always been accustomed to helping himself, is now the local manager for the Piggly-Wiggly Stores. Elnora Rice, has for the last ten years been a famous "movie" star playing opposite Ed. Danner, who is known as the "Second Ben Turpin," and who has caused considerable excitement by his portrayal of "Hamlet" in Virginia Smith's playlet, "Scrambled—or Hamlet?" Ralph Caldwell is the consulting engineer for the new 60-story municipal building in Fort Worth, which is being financed by "Get-Rich-Quick" Clark Woods. Marjorie Nell Harris is the "premier danseuse" at the Greenwich Winter Garden. Fred Duvall has foresworn the chasing of "peaches" and owns America's largest orange grove near Pasadena.—

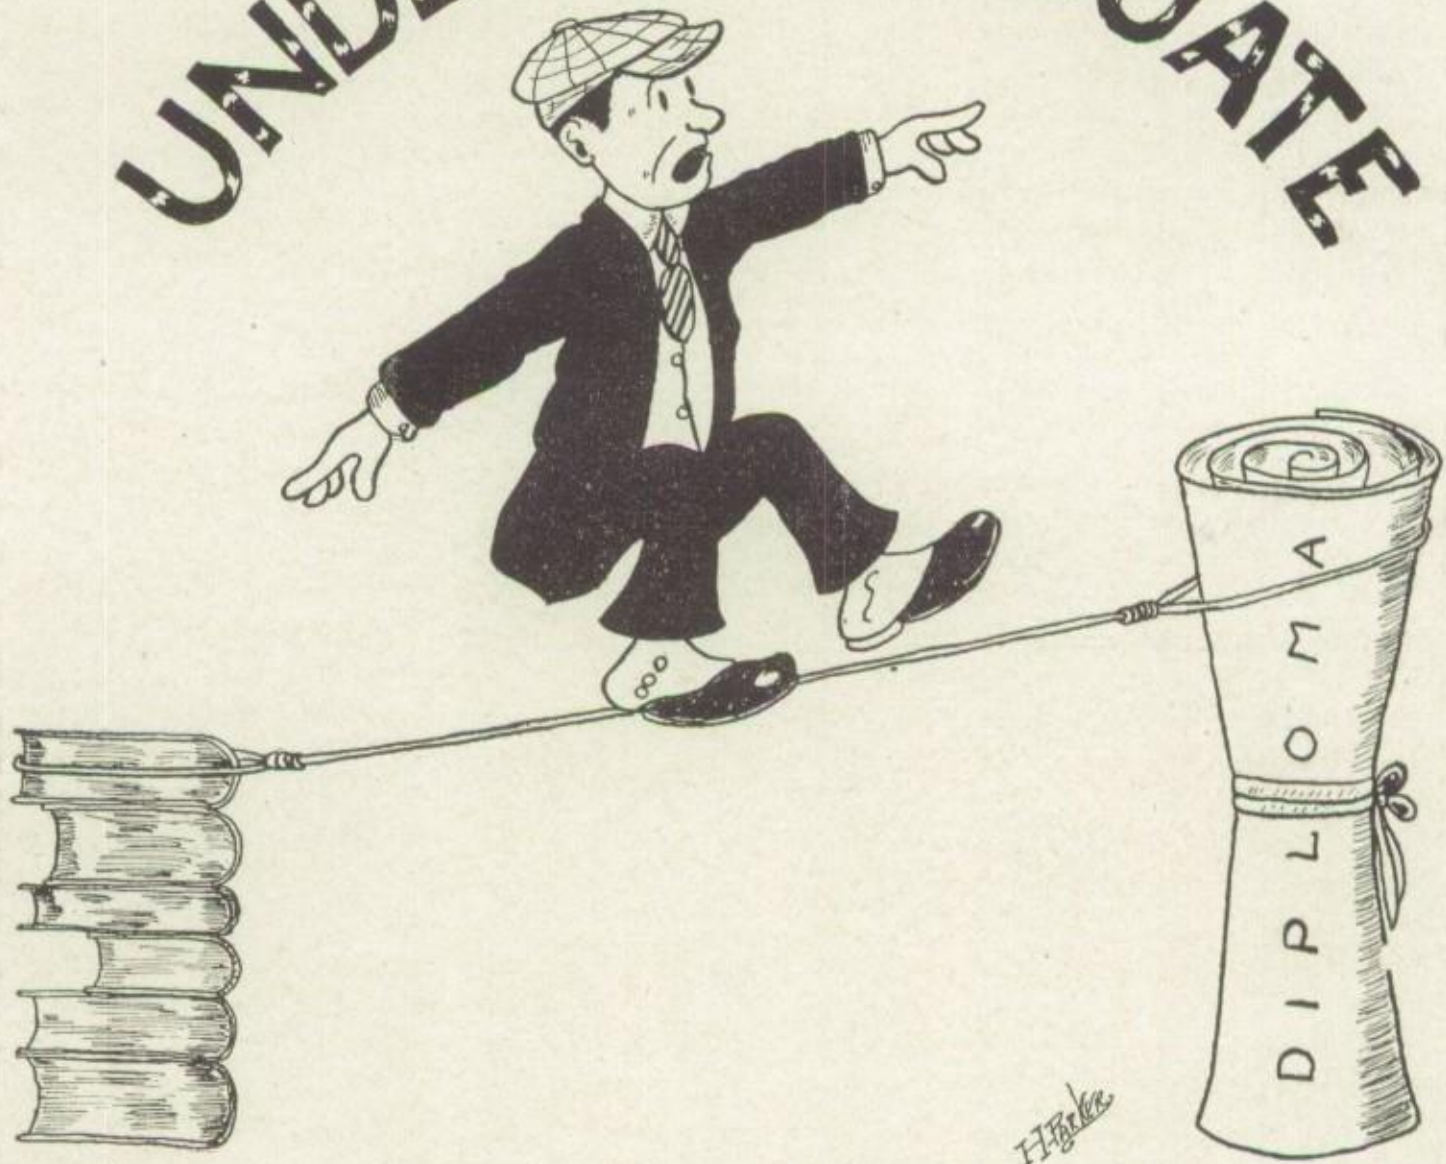

And then there floated across the crystal globe the hazy figure of a stately, red-brick building. "Senior," I whispered to myself—"Old Senior High." This, too, disappeared, to leave me wondering if the old building could know how its children had prospered—and if somewhere in its musty halls there is Something, which is proud that their success is due in part to the training imparted by her to the Class of '23.

THE CIVICS CLUB was first organized March 25, 1921, and is an organization which is composed of the students and ex-students of civics in Senior High. It is a lively and active body of young people whose purpose is to further their knowledge in the governmental interests of the city, of the State, and of the nation; thus making them better citizens.

The meetings are bi-monthly and are well worth looking forward to. Although its membership is not as large as some of the other clubs, it is steadily growing and within another year will be one of Senior's largest clubs.

The pride of the Civics Club lies in the quality of its programs. They are composed of all varieties of entertainment, both educational and humorous, on the various subjects pertaining to the nature of civics. Interesting features are the debates, mock trials, and readings. Beside these, there are the socials with all those good eats.

Mr. Baker has been very interested in this organization and has done much toward its advancement. Those who do not belong would be surprised, could they know what they are missing by not being a member of so interesting a club.

THROUGHOUT eight years the Fort Worth High School Senate has thrived, not merely existed but progressed from year to year. The membership at the end of this year exceeded forty, all of the members are fairly good debaters and talkers, some of them being excellent.

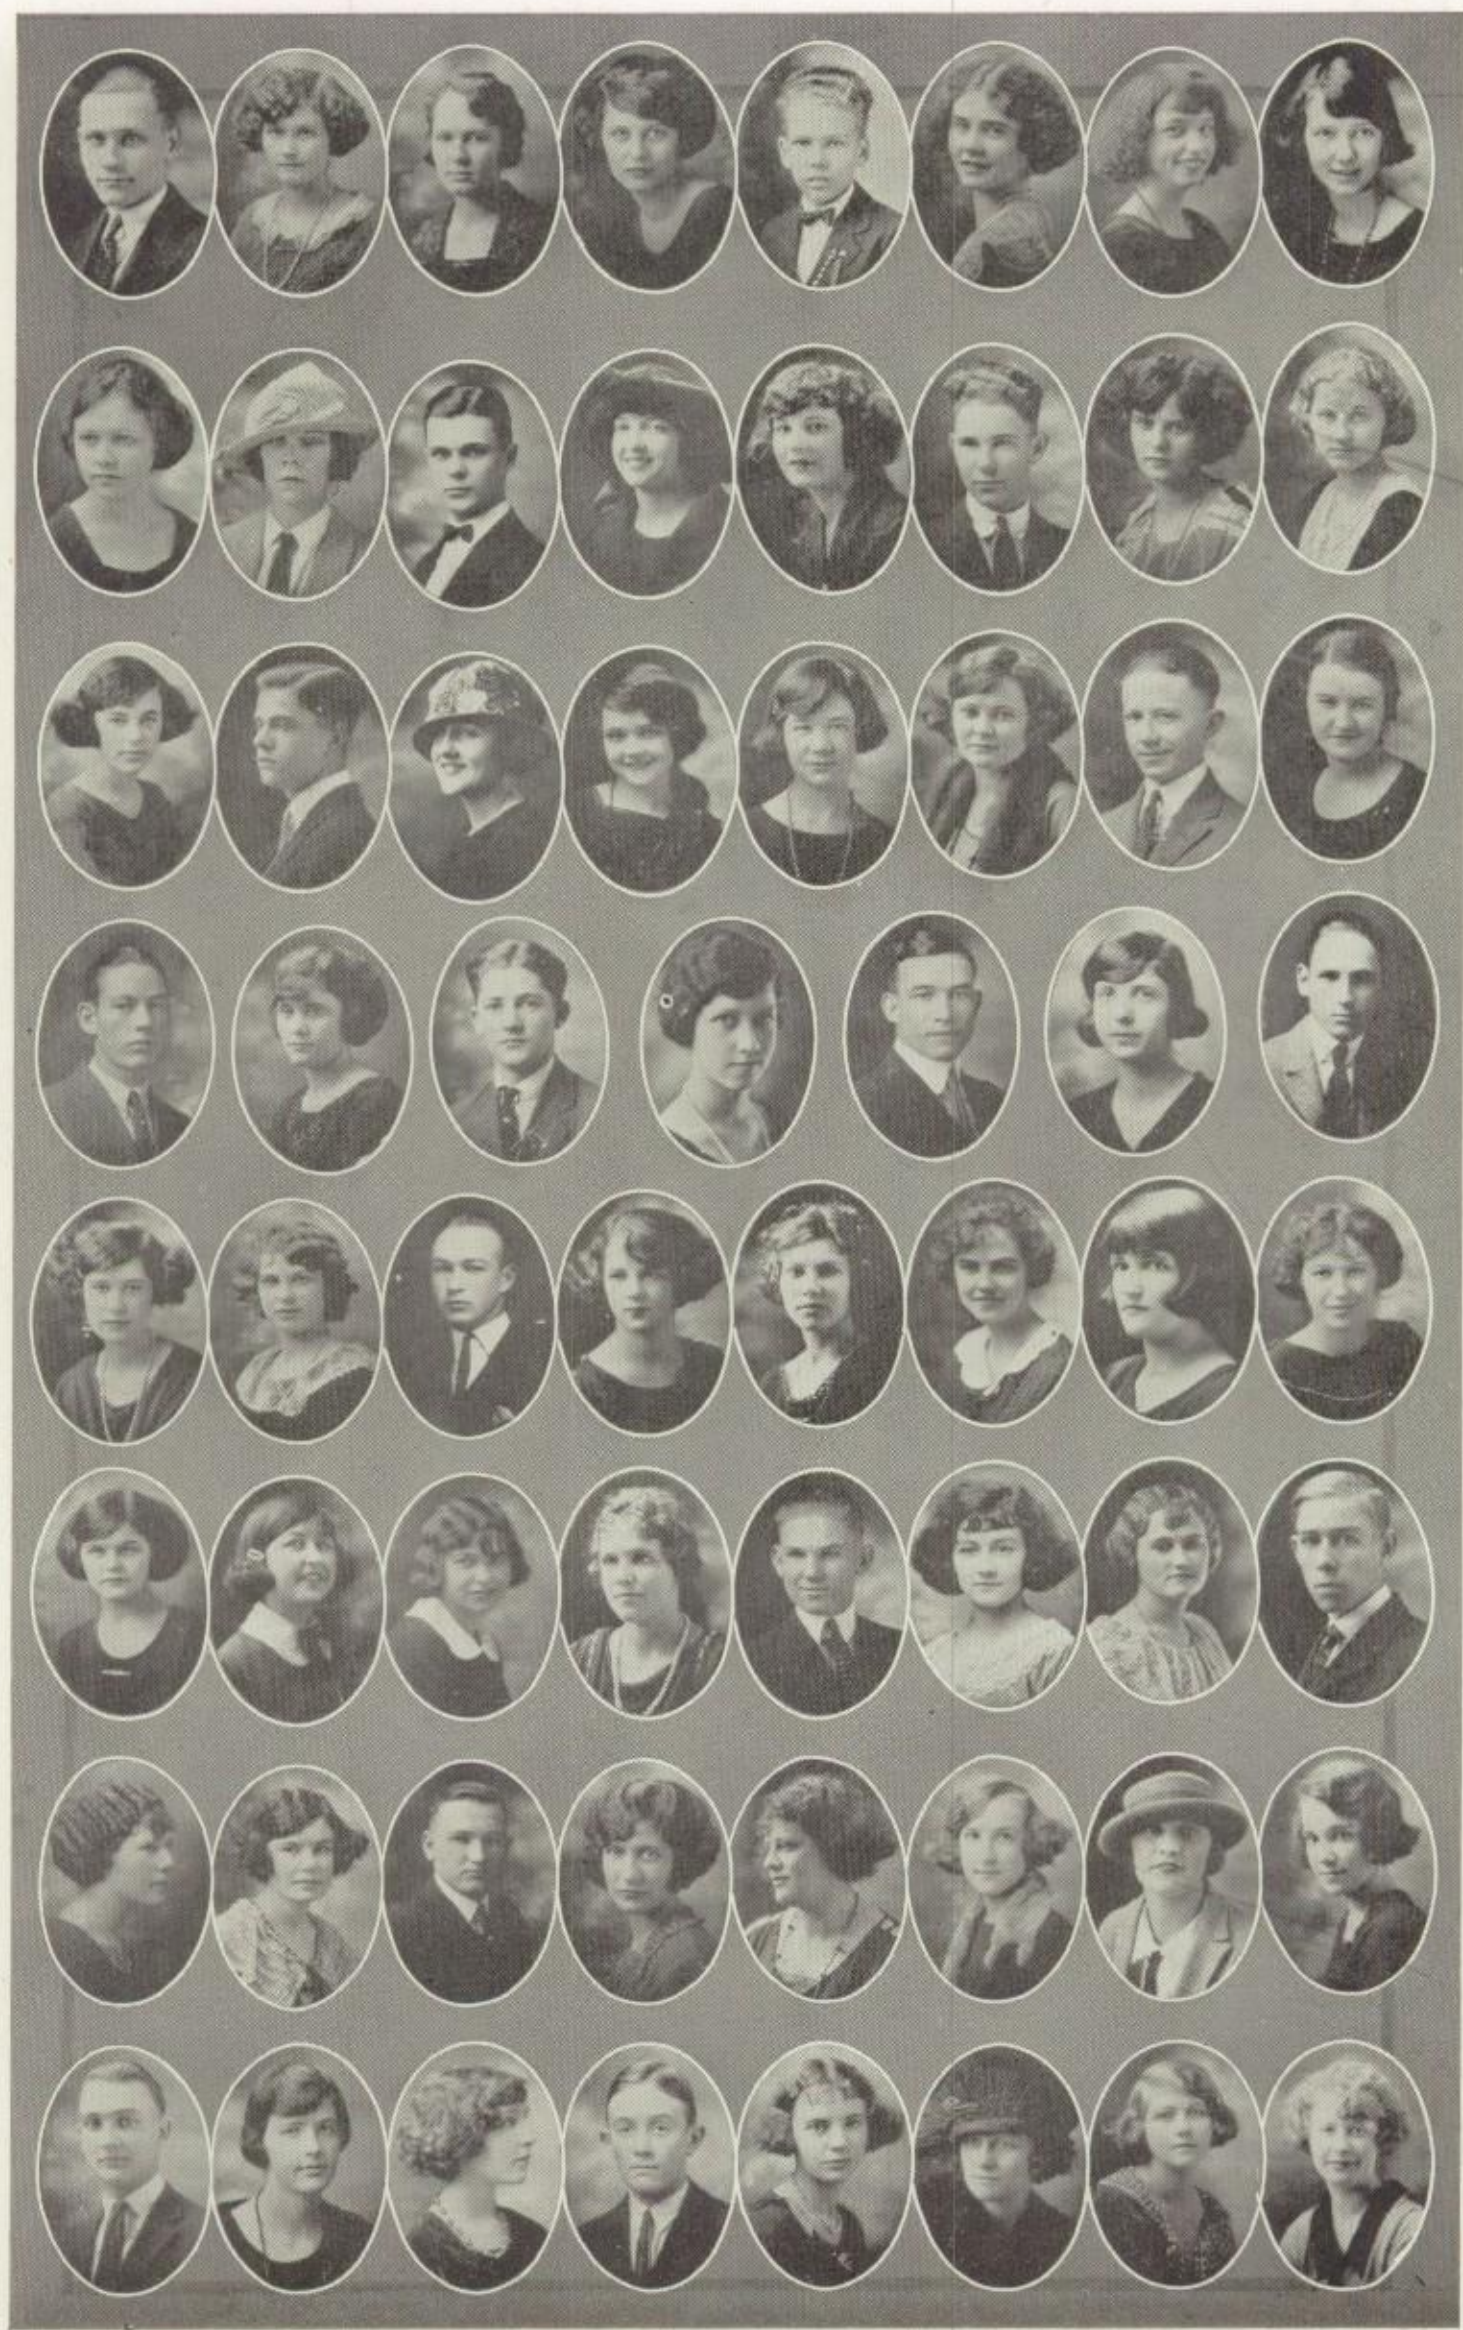

Miss McPherson deserves a great deal of credit for the work done the last two years and the boys will never forget it.

The city championship in debating and declamation is held by this club. Likewise it had the honor of having for its president the president of the June Class. Altogether, the Senate, in the opinion of its members, is the best club in Central High.

LAST year the formal "La Tertulio" gave way to a bunch of roaring "Leones" and things have been lively ever since. The fact that a large number of grown-ups left the "lair" last spring and did not return at the annual fall round-up did not completely damper the courage of the "Cubs."

In response to the signal of three roars trumpeted through the halls, young "Leones" began to pour in. They came so thick and so fast that they are now known not only as "King of Beasts" but also as "King of Clubs."

Inasmuch as the country of Spain uses the rampant lion on its coat of arms, "Los Leones" dedicated themselves to defend, protect, and spread knowledge of the country which in turn honors them. Accordingly, a mass meeting has been held every other Monday to discuss customs, legends, folklore, and deeds of valor of "Los Espanoles."

More than once the "Cubs" have raised their voices in song as they reviewed the soft, melodious strains of Spanish music; and four or five times the neighboring animals, in response to invitations, have gathered to witness triangular love affairs settled on a field of honor, dashing "matadors," beautiful señoritas, "chulas," "picadores," and "ladrones," all interpreted "con gran acierto" by "Los Amarillos" and "Los Rojos."

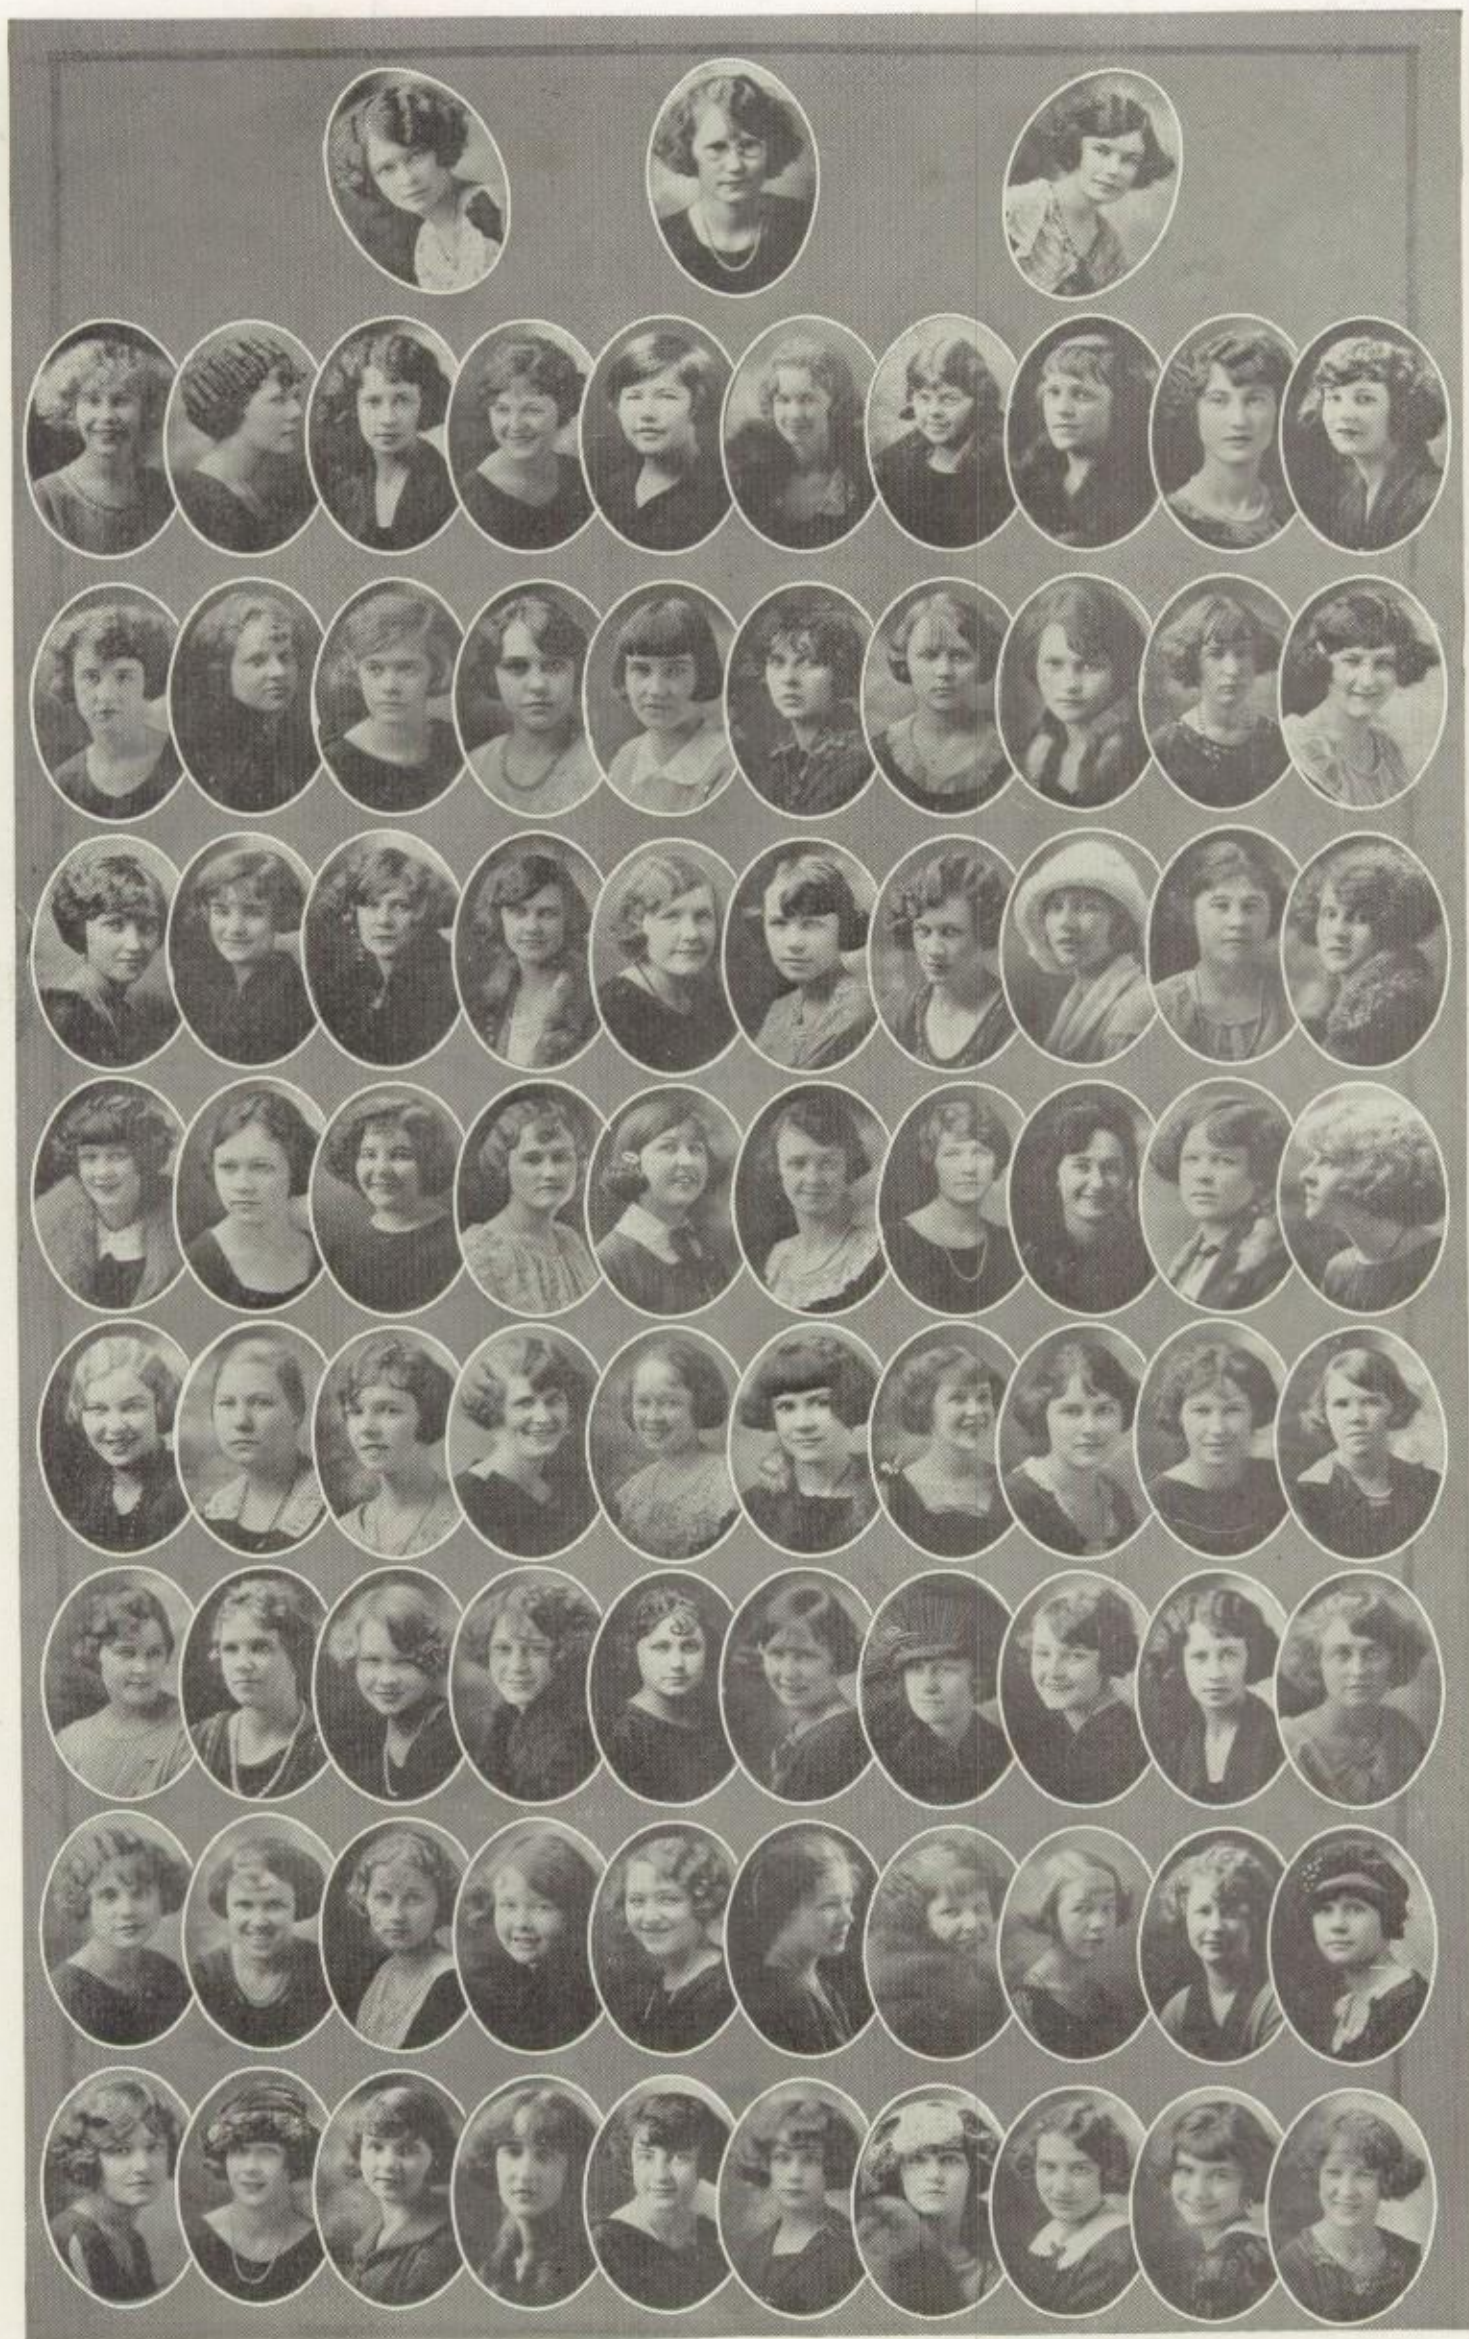

Thrice during the year "Los Leones" have met around the banquet table to do honor to Senior "Los Leones." It has been reported that no chickens could be found in the forests for weeks afterwards, but with a "Campbell" as ring leader assisted by the "Cheek" of a "Fae" nothing else could be expected.

Thanks are due every one of the eighty-five "Leones" for the success of the year's work. After a summer's rest it is to be hoped that many of the old bunch will report at headquarters for an early meeting in October.

DONELLA EVANS.....	"Big Chief"

PAULINE STEELY.....	"Assistant-Big Chief"
BETSY WALTON.....	"Medicine Man"

IN THE past, the Wild Flower Club has not received the fame that it deserved. This is probably due to the fact that it can be organized only during the two or three spring months of the school year. However, since 1916 the club has been a regular institution in the school, and every spring hosts of enthusiastic students eagerly troop out to study nature. The club has had a very successful season, both in gaining knowledge and in having some rare good times. The unique officers were well chosen and a splendid interest has been shown by all the members.

Donella Evans was the "Big Chief," who performed the duties of president, and the "Medicine Man," who led the festivities was Betsy Walton. Pauline Steely and Fannie Herrman were "assistant-chiefs" and Misses Halbert, True, and Welch very capably supervised the club in its various hikes, picnics and kodaking parties. All of the members agreed that each of the club's outings had been a source of much enjoyment, and every good wish is extended to the future members of the "Wild Flower Club."

SINCE its organization in 1908, the Dekos Literary Society has held a high place in all the literary and social activities of the Fort Worth Senior High School, and the year '23 has marked no departure from the rule.

The subject of its study for the year was "Interior Decorating," which proved an unusually interesting course. The girls entered into the work with enthusiasm, and with the help of their sponsor, Miss Spragins, it has been possible for them to derive much material benefit from the course. The members who graduate with the class of '23 feel that they leave the Dekos in competent hands, and are confident that the remaining members, with the interest and enthusiasm which they have displayed this year cannot fail to "carry on."

**T**HE PINDARIAN LITERARY SOCIETY was founded in 1911 and has since been a prominent organization in the life of Central High School. Its membership is limited to twenty-five girls and its purpose is to foster a love for good literature.

Its study for the first term of this year was the opera and for the second term the lives of great men. Besides the regular programs on these two subjects, each meeting was featured by a talk on parliamentary law.

The Pindarians entered enthusiastically into whatever they undertook and their semi-monthly meetings proved to be both a source of delight and pleasure as well as a fountain of knowledge.

**T**HE GIRL'S GLEE CLUB is one of the most successfully organized clubs of the school. Its members have been ever ready to do their best in every activity of Central High. The club is composed of a group of peppy girls who have given some good programs on several occasions. They sang for the January graduating class, gave quite a few programs for the benefit of other clubs in the school, for the high school, and for the teachers' institutes and meetings.

In the way of good times, they have enjoyed a Mary Jane party, a wiener roast, and a hike. They never failed to bring cheer wherever they appeared. The club boasted a girl's quartette this year which was composed of Vennie Wills, Edna Hill, Margaret Lindsley, and Marjorie Massengale. Much honor should go to Miss Ingalls, the organizer and instructor, who has been an inspiration to the entire club.

## BOOSTER CLUB

MARJORIE MASSENGALE.....	President
HELEN CHAMPION.....	Vice-President
INA RAY.....	Secretary-Treasurer
FRED WARD.....	Sergeant-at-Arms

SINCE last fall, the Pantherette has felt the necessity of organized support in order to maintain uniformity in publication. So a loyal band of eager Centralites early in the spring term launched what is now known as "The Booster Club"

In every conceivable sense of the word these enthusiastic students have been "Boosters." They have aided materially, not only in the publication of the Pantherette, but also in making the various athletic activities of the school a success. No issue facing Central in this last term has been neglected by the Boosters, who have sifted the most complicated of school problems down to the point where the student body could more easily take charge.

In the early weeks of spring, the Boosters were working in four relays on the Pantherette. Thekla Lockhart, Marjorie Massengale, Henry Shepherd, and John Campbell were leaders of these divisions. The relay plan did not prove as successful as had been hoped and was later dropped, though the club continued to boost.

To Peyton Bryan goes the honor of having been the first president of this peppy organization. Upon his resignation in April Marjorie Massengale was chosen as his successor and has since piloted the club safely through stormy waters.

## FOOTBALL

## WILLIAMS

Captain ..... '23  
Halfback ..... '21, '22

When you think of football, you naturally think of Bernard. "Blackie" was a star that never failed to shine. His speed and weight made him a human battering ram. He could plunge the line or circle ends with equal ease. He was a good passer and will probably do the punting also next season. "Blackie" received, in reward for his brilliant work, the captaincy of the team of '23 by unanimous vote. Being well-liked and having a great deal of football sense, he will make a good leader for next year's team.

## JAMES

Coach

Bill James is a man worth knowing and a friend worth having. Incidentally, he is the best high school football coach in the United States. He knows football and also knows how to train "green" men. He came to Central last season, and built a team which, although made up almost entirely of new material, won the majority of its games. He learned football under Charlie Moran at Centre College where he played for four years. All the boys like him and will train hard for him because they know he is fair and plays no favorites. He will have ten letter men back next year, so, folks, just watch him coach a State championship team.

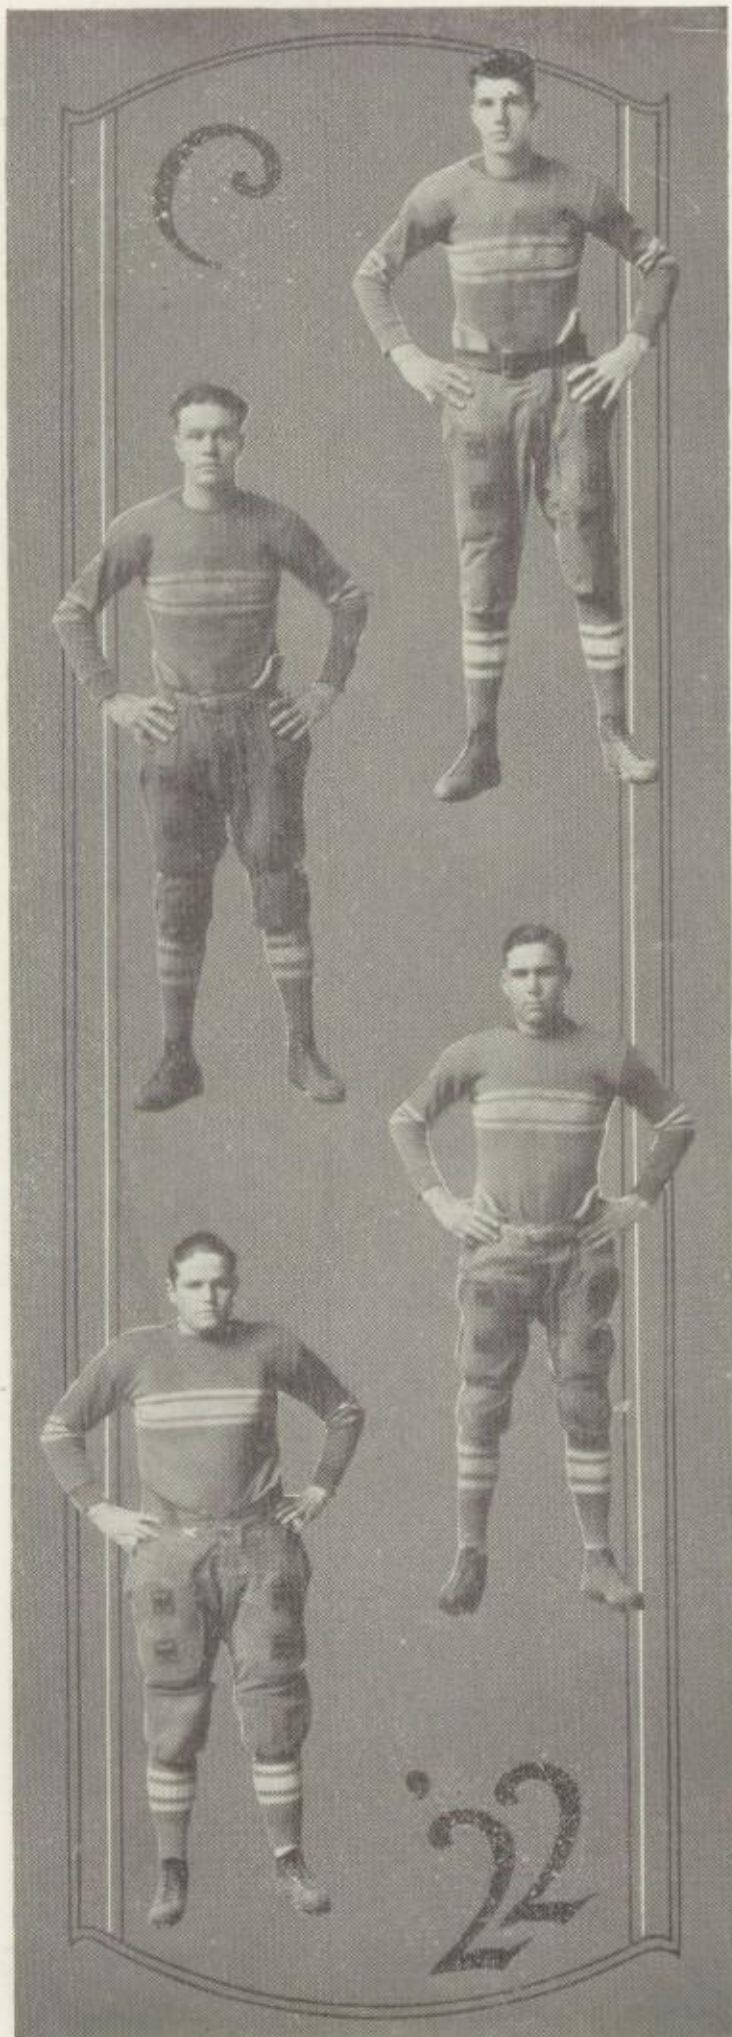

## WELLS

Captain ..... '22  
Tackle ..... '19, '20, '21, '22

Fighting "Wee Willie" is probably one of the greatest linemen that ever wore the purple and white. He made his "C" in '19 and has been in Senior's line-up every game for the last three years. He played his last year at tackle. His weight and his quickness in sizing up plays enabled him to be in almost every play, often throwing the opposing backs for a loss. He had a fighting, crying spirit that made him a natural leader and put the old fight in his team-mates. Bill's experience, weight and brains will gain him a position on any team. The man who fills his shoes next year will have to have some feet.

## BISHOP, *Center*.....'21, '22

Hugh, the Canadian, could play the game with the best of them. He never made a bad pass and was a cool, dependable man to have at center. Bishop's playing at defensive halfback was always spectacular. He broke up and intercepted all the passes attempted over him. Well, Hugh, we wish you all the luck in the world at T. C. U. next year.

## HUGHES, *Quarterback*.....'22

"Enter 'Bulldog' " the brains of the team. Although this was Roger's first year with Central, he ran the team like a veteran. Not only was he a brainy quarterback, but he was the best broken-field runner on the team. He played safety and often returned punts for long gains. Roger will be with us next year and, no doubt, will star.

## FRAZEE, *Halfback*.....'21, '22

Don, the hard-hitting, plunging demon, was an important cog in Central's scoring machine. When he started, it took a good man to stop him. He never failed when called on to carry the ball when a gain was badly needed. He will long be remembered for his brilliant work in the North Side game, where he ripped off many good gains.

## GREER, *Tackle*.....'22

"Tubba" held down left tackle on Coach James' machine. He played a stellar game on the defensive and always tore great holes in the opponent's line for our men to go through. He will always be known as the boy who made a touchdown against North Side in '21.

## RANDLE, End.....'22

Herrin is the boy that stepped in when Central needed him and played his position like a veteran. Although he was the lightest man on the squad, he played a defensive game that could not be excelled. He played against North Side and Poly, making a touchdown against the Orange Parrots. He certainly earned his "C."

## ROACH, Guard.....'22

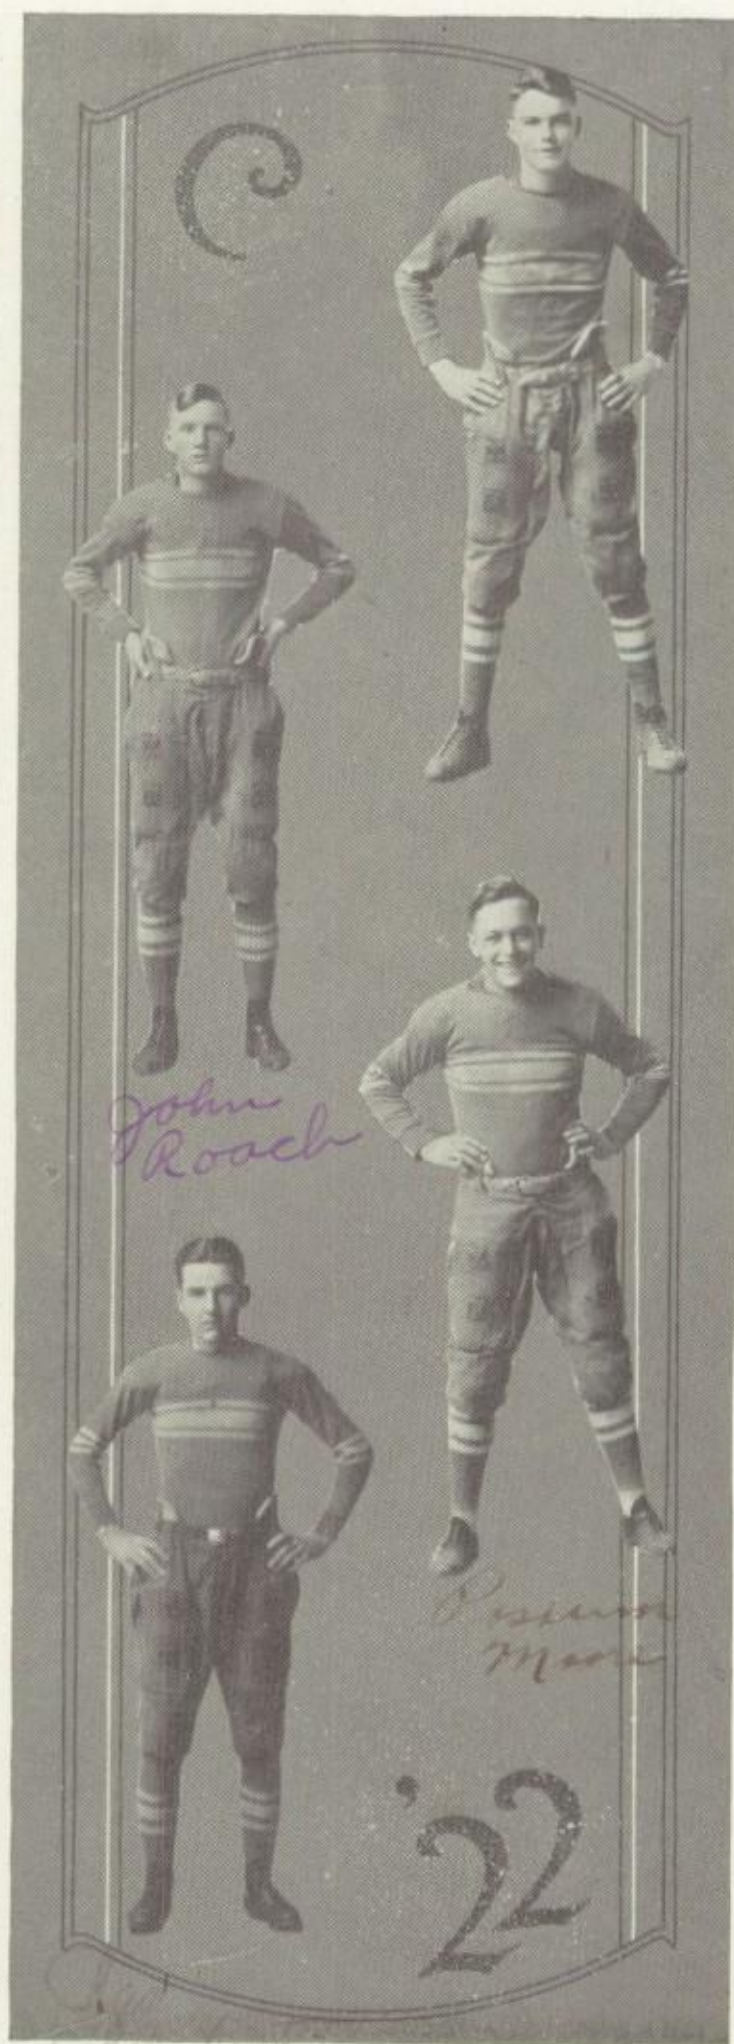

John came to us this year from a little country town. It was soon evident that Roach would earn a berth on the team, because of his hard work and undoubted ability. His spectacular playing gained considerable comment from local sport critics. Because of his hard tackling he was used at almost every position on the team. Roach will probably be shifted to tackle next year.

## MOORE, Guard.....'22

"Poss" was a good, steady, dependable player. He always fought hard and gave all that was in him. He did his best work in the North Side game. Moore will be back at his old position next year and will do some good work for Central.

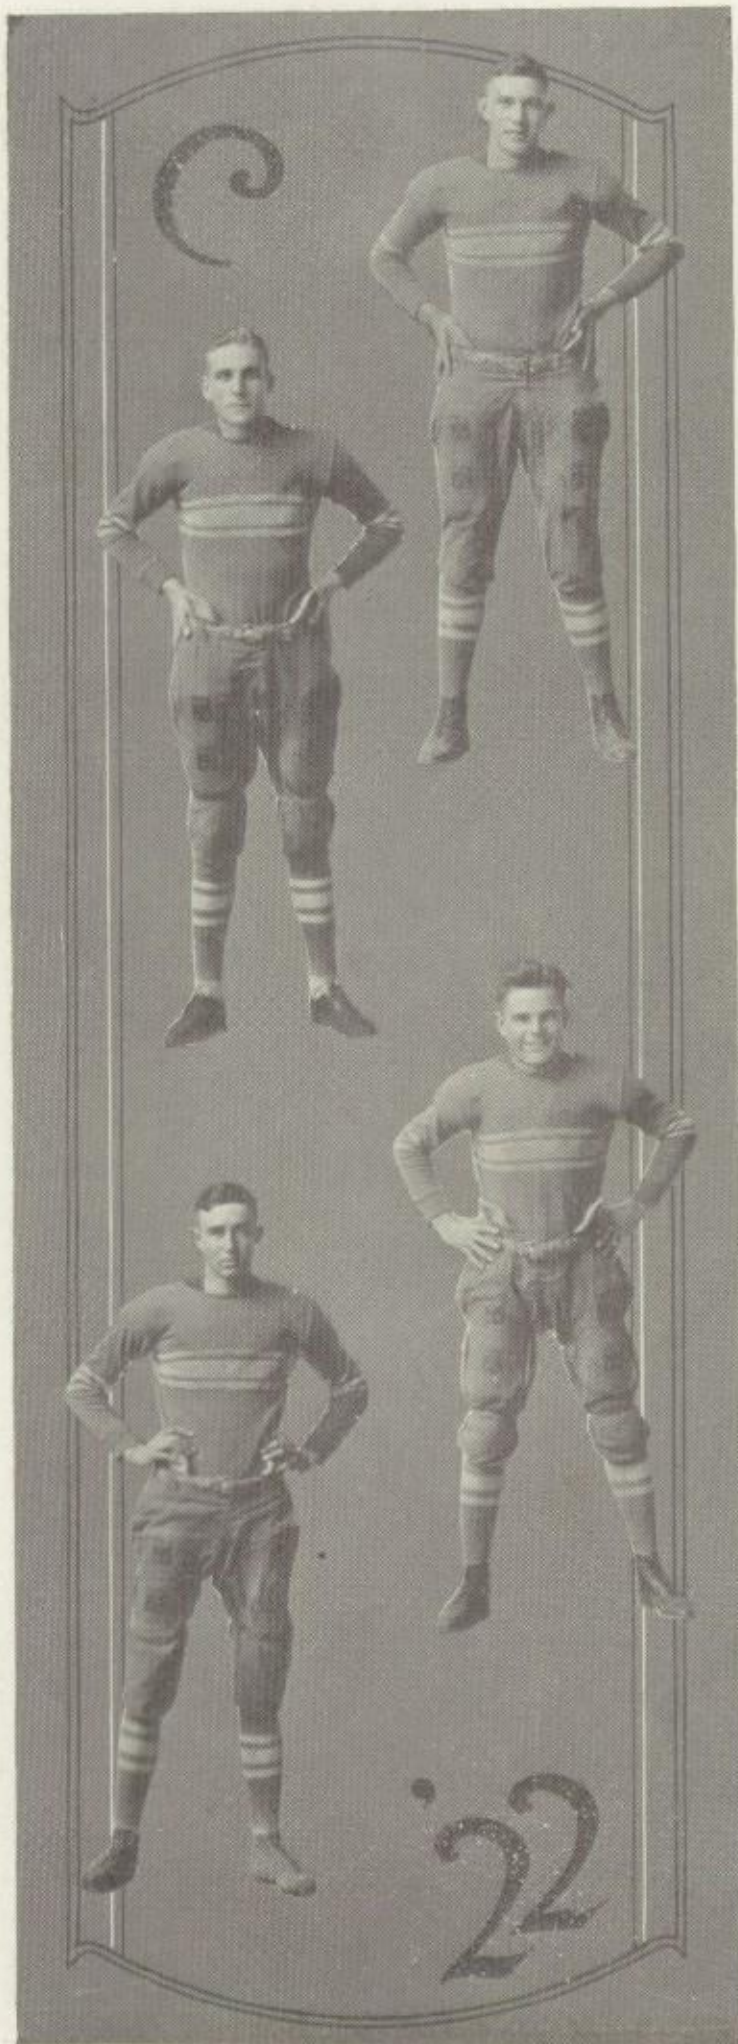

## PEMBERTON, End.....'21, '22

Ras had the fighting spirit that is necessary to play good football and certainly used it to good advantage. Any opposing back-field that could work an end run around Ras' end was considered a wonder. He made many long gains on passes. He played his best game against Sherman and soon after broke his shoulder in the Wichita Falls game. Ras will not be back next year.

# The Panther

WILLIAMS, J. C., *Guard*.....'22

Big Jake added a tower of strength to Central's line. He often broke through and tackled the opposing backs before they got started. He could always be depended upon to open up great holes for our backs. He did good work at Hillsboro when he intercepted a pass that resulted in Central's victory. He will be back next year "rarin' to go."

WARD, *Fullback*.....'22

"Freddie" came to us from Junior, a heralded hero. We thought him over-rated, but instead it turned out that he was under-rated. Fred's brilliant defensive work kept many a star from shining. He was a steady, consistent ground-gainer and proved an important factor in many of Senior's victories. Fred will be back next year and we expect great things of him.

ROWLAND, *End*.....'22

"Doc" was little but hard. He put all his weight in every tackle and seldom missed. He was a brilliant offensive end, many times snatching the ball out of the air for long gains. He worked in every game until he broke his leg in the Arlington Heights game, which was a great calamity for Central. Charlie will be back next year and will probably play at the same position.

STEADMAN, *End*.....'22

"Slim" was our only end that played in all the games. He was a terror to the opposition on the defense and usually got his man on the offense. "Slim" recovered more fumbles than any man on the team. He was a hard tackler and featured in many plays. Yes, North Side, he will be back next year.

## SUMMARY OF THE SEASON

COACH JAMES came to Central in the Fall, looked over his material, whipped his team into shape, and ventured forth to Dallas. But, much to the surprise of everyone, Bryan High defeated Central. Next week the team, in much better shape, went to Dallas to play Oak Cliff, losing by a small score of 7 to 0. After that, not a whit discouraged, Central played Arlington Heights, Sherman and Hillsboro, winning all these games by good margins. Next she won a game from Wichita Falls, one of the strongest teams in Texas. Then Central won over the Poly Parrots by a score of 38 to 6. Next came the big game, when it was either do or die. Central was in bad condition because of injuries received at Wichita Falls. But nevertheless, the team was in good spirits and determined to win. But after putting up a wonderful fight, and giving every ounce of strength that the boys had in them, they were defeated by a small score. But all the critics said that Central chalked up a moral victory against North Side, on account of her clean playing and good sportsmanship.

Thus ended the season of '23. Central deserves praise for winning the majority of her games by such good scores, because she had mostly "green" material and bad breaks throughout the season.

But next year it will be a different tale, because Central will have the best coach, the best material, and the best school spirit that she has had in years. She will be state champion in '23 or know the reason why.

A tabulated score follows:

Bryan .....	6	Central.....	0
Oak Cliff.....	7	Central.....	0
Arlington Heights.....	6	Central.....	49
Sherman .....	6	Central.....	39
Hillsboro .....	10	Central.....	20
Wichita Falls.....	0	Central.....	10

ABOUT FACE

STRIKE THREE!

WILLIAMS.....'21, '22, '23  
Captain, '23

For the last three years "Blackie" has been a shining light in Central's infield. His team-mates of last year showed their appreciation of his brilliant playing by electing him captain of this year's team. "Caesar" has not made an inexcusable error this year. Whenever a hit is badly needed Bernard can be depended on to get it. Not only is he a heavy hitter but his stellar work at shortstop ranks him among the best in the state. Williams will be with us again next year.

C. W. BERRY  
Coach

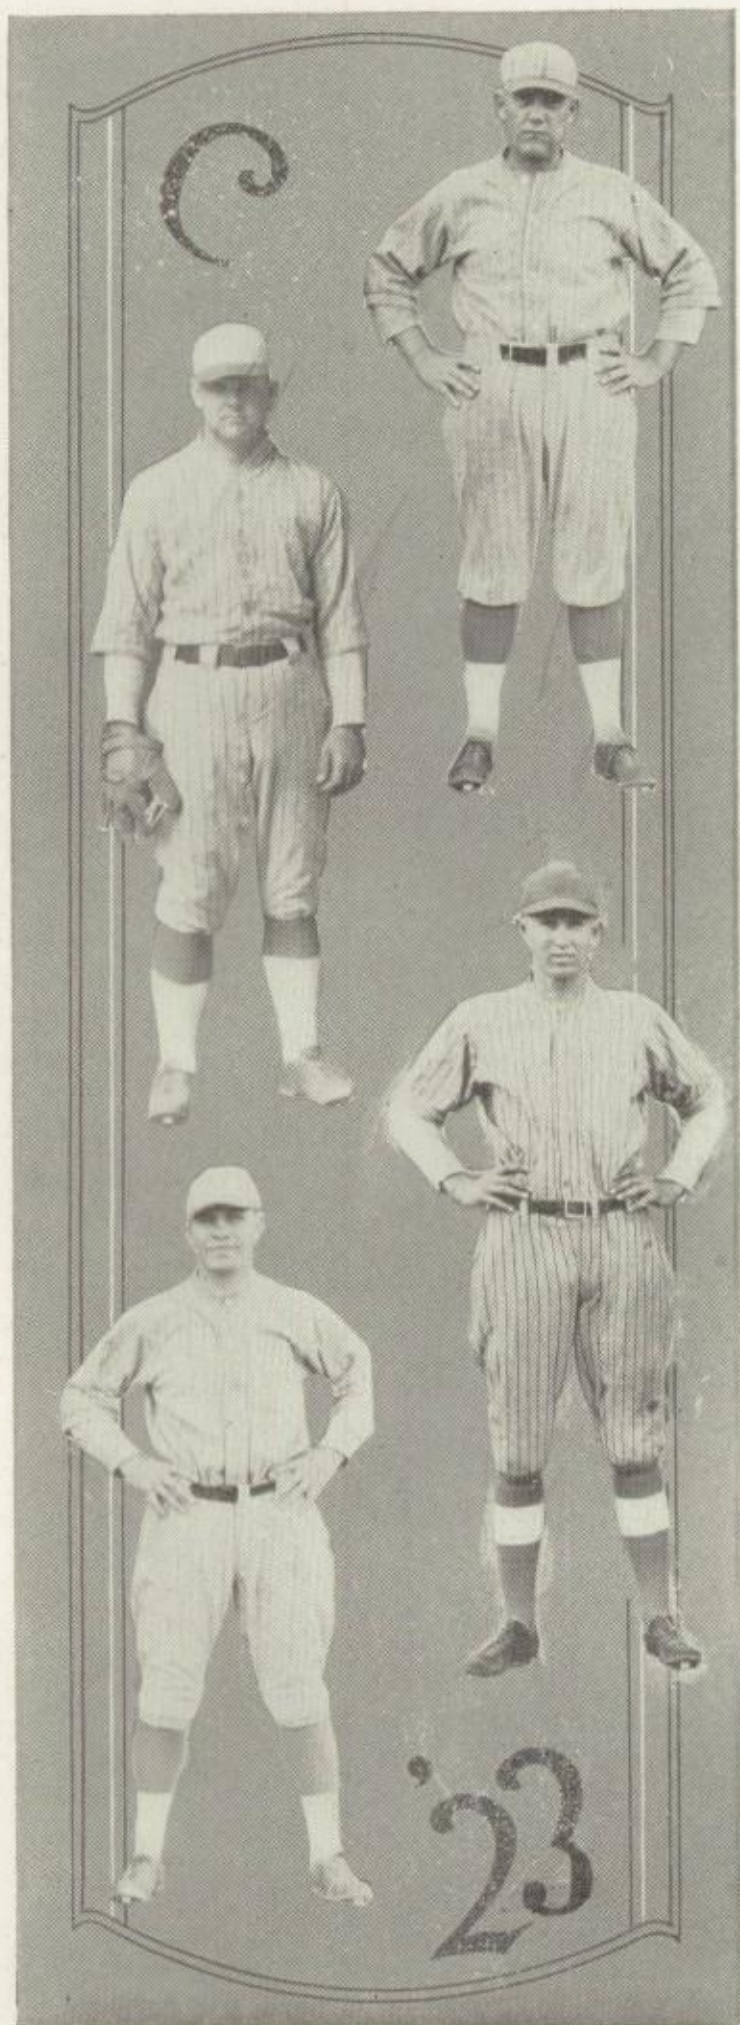

For the last nine years Mr. Berry has been in charge of Central's baseball fortunes. He is well liked by the players, and has proved himself to be a competent coach. Two championship teams and several near champion teams have been the result of his coaching. Many successful college players owe their success to C. W.'s early coaching. Probably two of the greatest factors in Coach Berry's success are his knowledge of baseball and a thorough understanding of boys.

ROWLAND.....'22, '23

Whoever it was that said, "Good things come in small package," must have been thinking of Charley. Boy, Howdy! He is one more good ball-player. He is one of the hardest hitters on the team, and his fielding around second base is an outstanding factor in every game. Charley will be back next year, and will no doubt be the foundation of the new team.

## WELLS.....'21, '22, '23

This is Bill's third and last year on the team. His playing has always been good but this year he has been doing some extraordinary work behind the bat. His fast, accurate throw to second has ruined many attempted steals. Well, Bill, we wish you luck next year although we will miss your all-round athletic ability.

## MAXWELL.....'23

"Empty" is another shining star who first illumined the heavens of baseball, when he pitched a no-hit game for Junior High against North Side last year. He is used as a relief pitcher and pinch hitter besides taking his regular turn at opening the games.

## STEADMAN.....'22, '23

"Slim" Steadman, the tall, rangy left-fielder, is a ball player of no small reputation. His work last year showed that he could earn a place on any man's ball team. He will probably be back next year and is a likely candidate for all-state honors.

## HUGHES.....'22, '23

Roger is probably the best pitcher on the line-up. To date, he has pitched the majority of the games played, and local sport critics give him credit for being one of the best fielding pitchers in the high school league. This is his second year on the team and in all likelihood he will be back next year.

## BAKER.....'23

Although this is "Punk's" first year on the team, he plays his position like a veteran. His brilliant, errorless work at third has won the praise of many local sport writers. His batting average shows that he is one of the leading hitters in high school baseball.

## MOORE.....'23

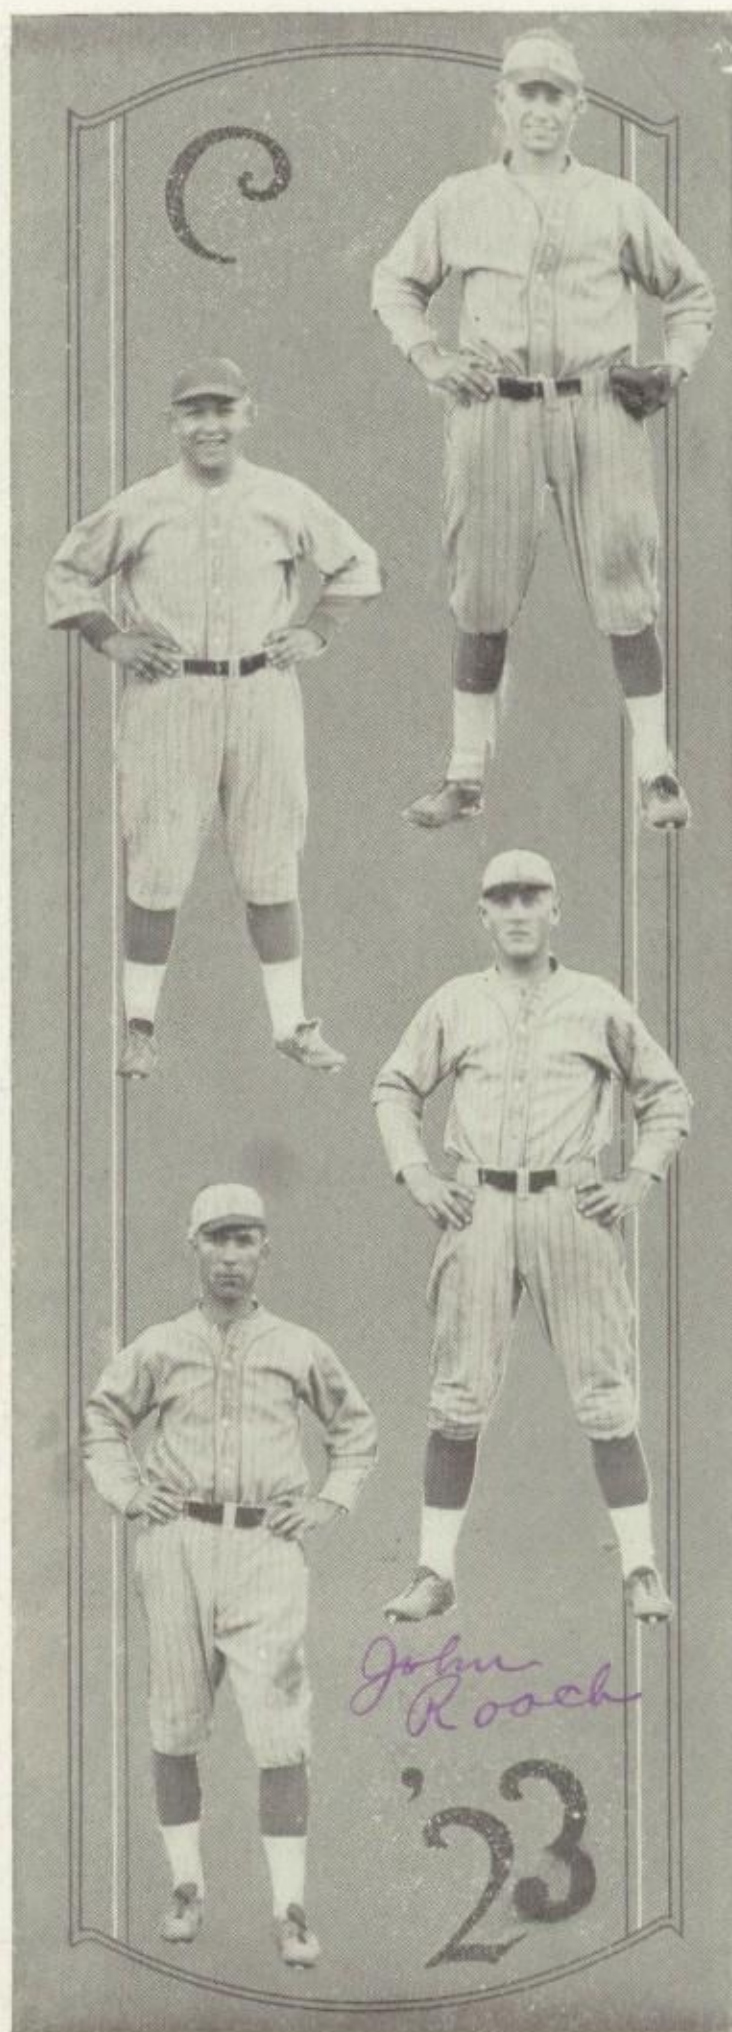

"Possum" is the best utility man Central has. He can play any position on the team and play it well. He takes an occasional turn as catcher and will probably hold down that corner next year. "Poss" has decided many a tight game by his pinch hits. Central is lucky in having a utility man of his ability.

## ROACH.....'23

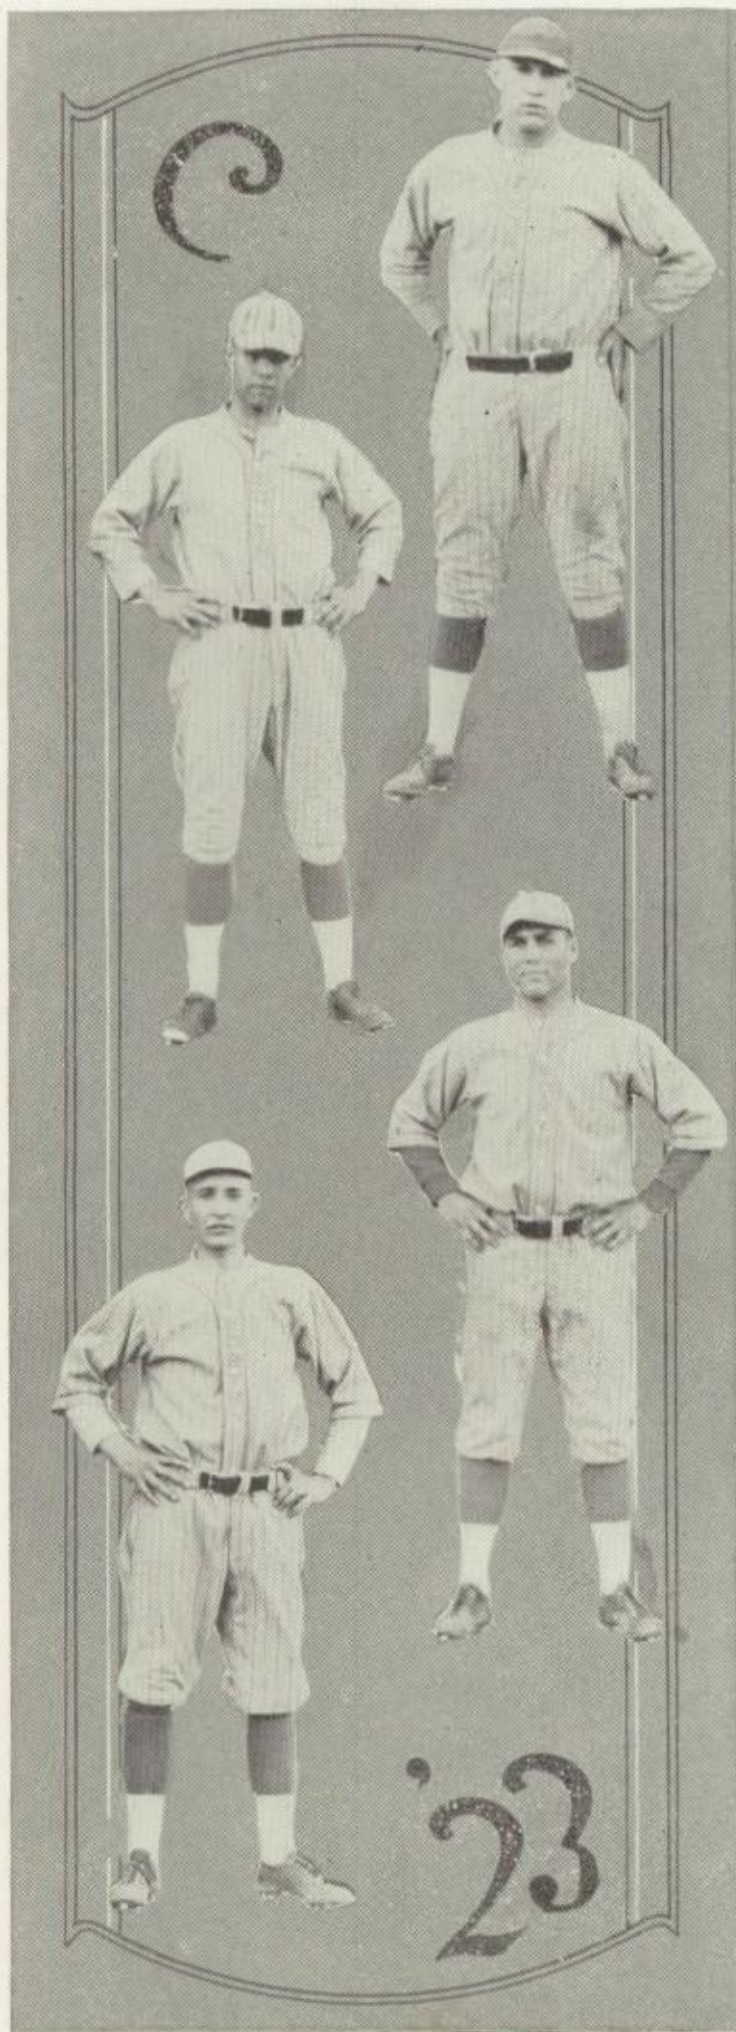

This is "Blondy's" debut in local baseball circles. He is a good catcher and can play in the field if needed, but Roach's real work is pinch hitting. He hits 'em like they should be hit, and whenever a hit is needed, Roach may be seen coming out of the dug-out—and he generally connects.

## BARSE.....'21, '22, '23

All the fans were glad to see Billy back in the line-up this year for the third time. After holding down first base the first of the season, Billy is now back at his old position at third, where he is demonstrating his usual good form at handling the hot corner. We regret that this is Billy's last year with Central.

## J. C. WILLIAMS.....'23

Jake came to us from Junior, where his excellent fielding and heavy slugging had gained him a high reputation. Fans immediately discovered that Jake had not been over-rated. In spite of his 195 pounds he handles the center field position with a great deal of speed, and his hard hitting has broken the heart of many budding pitchers.

## BROILES.....'23

Hiram came out to practice this year and tried for the outfield. But the coach saw at once his natural pitching ability and developed him into one of Central's best "horse-hide tossers." Coach Berry often uses "Hi" as a pinch hitter.

## FRAZEE.....'23

Don, the all-round athlete, is showing great work in the outfield, not having made an error this season. His consistent hitting is an asset to Central's team, which we shall miss next year when he goes to A. & M.

## RYAN.....'23

Jimmie is the dark horse of the year. He reported to practice the first day and immediately started showing the boys how the outfield should be played. His hitting is the Nemesis of a great many pitchers. Unfortunately, he will not be back next year.

## SUMMARY OF THE SEASON

---

**T**HE baseball season opened this year on the first sunny day that Old Man Weather permitted. The prospects for a fine team were brighter than ever before, and Coach Berry was confident of turning out a championship team because of the good material he had to choose from.

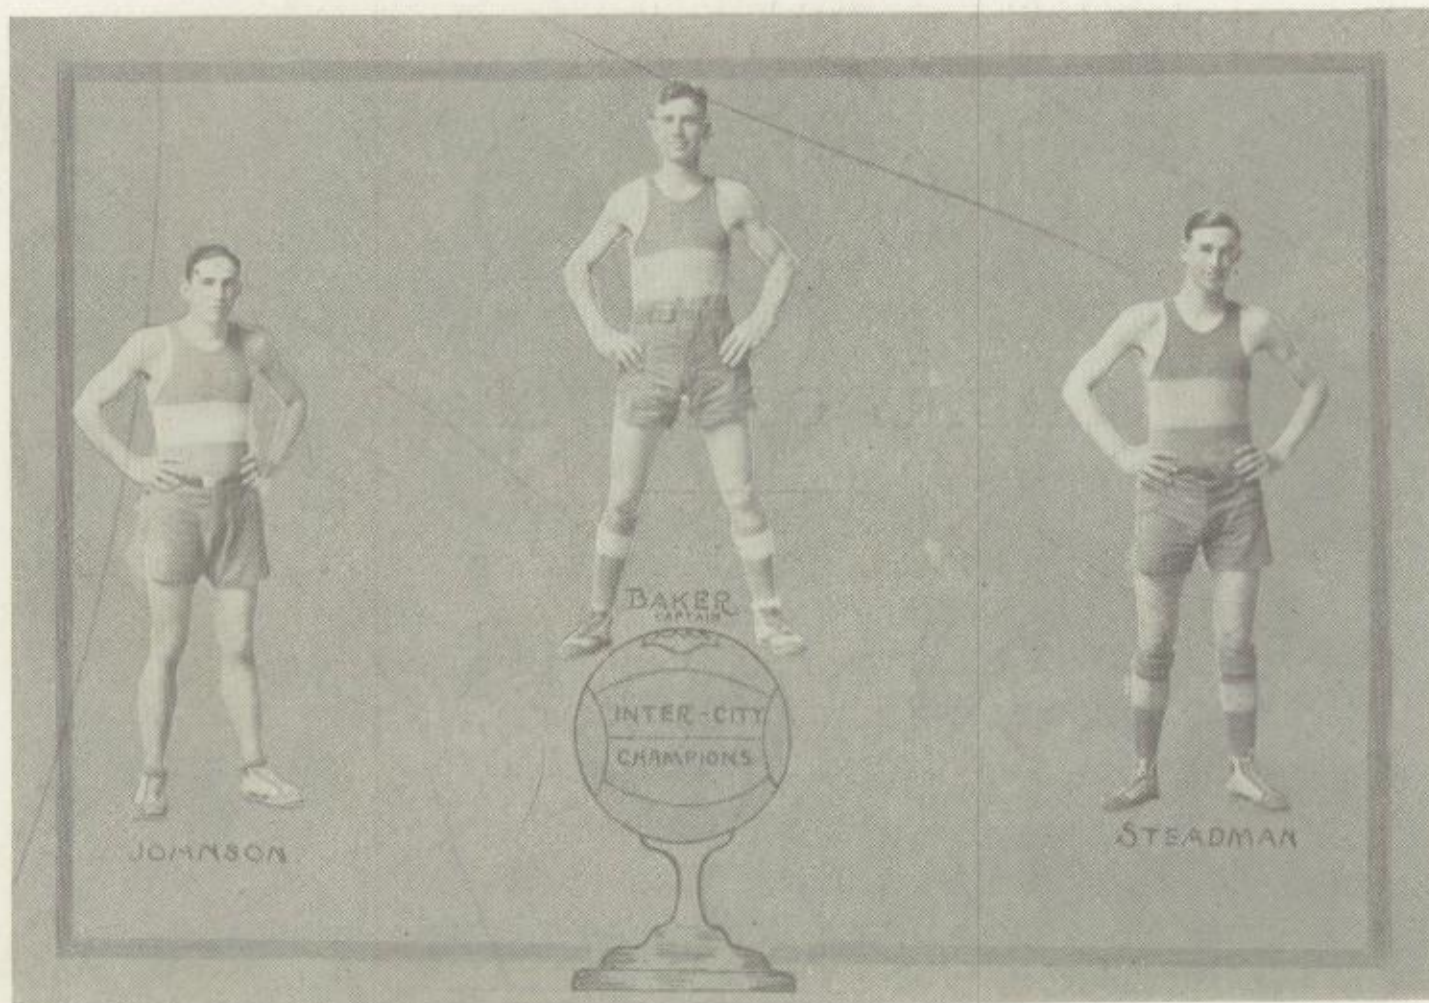

After several weeks of hard work and practice, the Panthers ventured forth to Dallas to take on their first victim. They gave Bryan Street High a hard fight and the game ended 3 to 3. Next Central beat the Poly Parrots, tied North Side and then sent the Arlington Heights team back across the river on the small end of a 24 to 1 score.

Although the Panther is going to press on the eve of the North Side series, it wishes the team the best of luck in the world and is confident that it will win, not only this series, but also the state championship.

## BOYS' BASKETBALL

### SUMMARY OF THE SEASON

**C**ENTRAL opened the season of '23 with a great deal of material, both old and new. After much effort and delay Coach James secured a gym and practice was started in earnest.

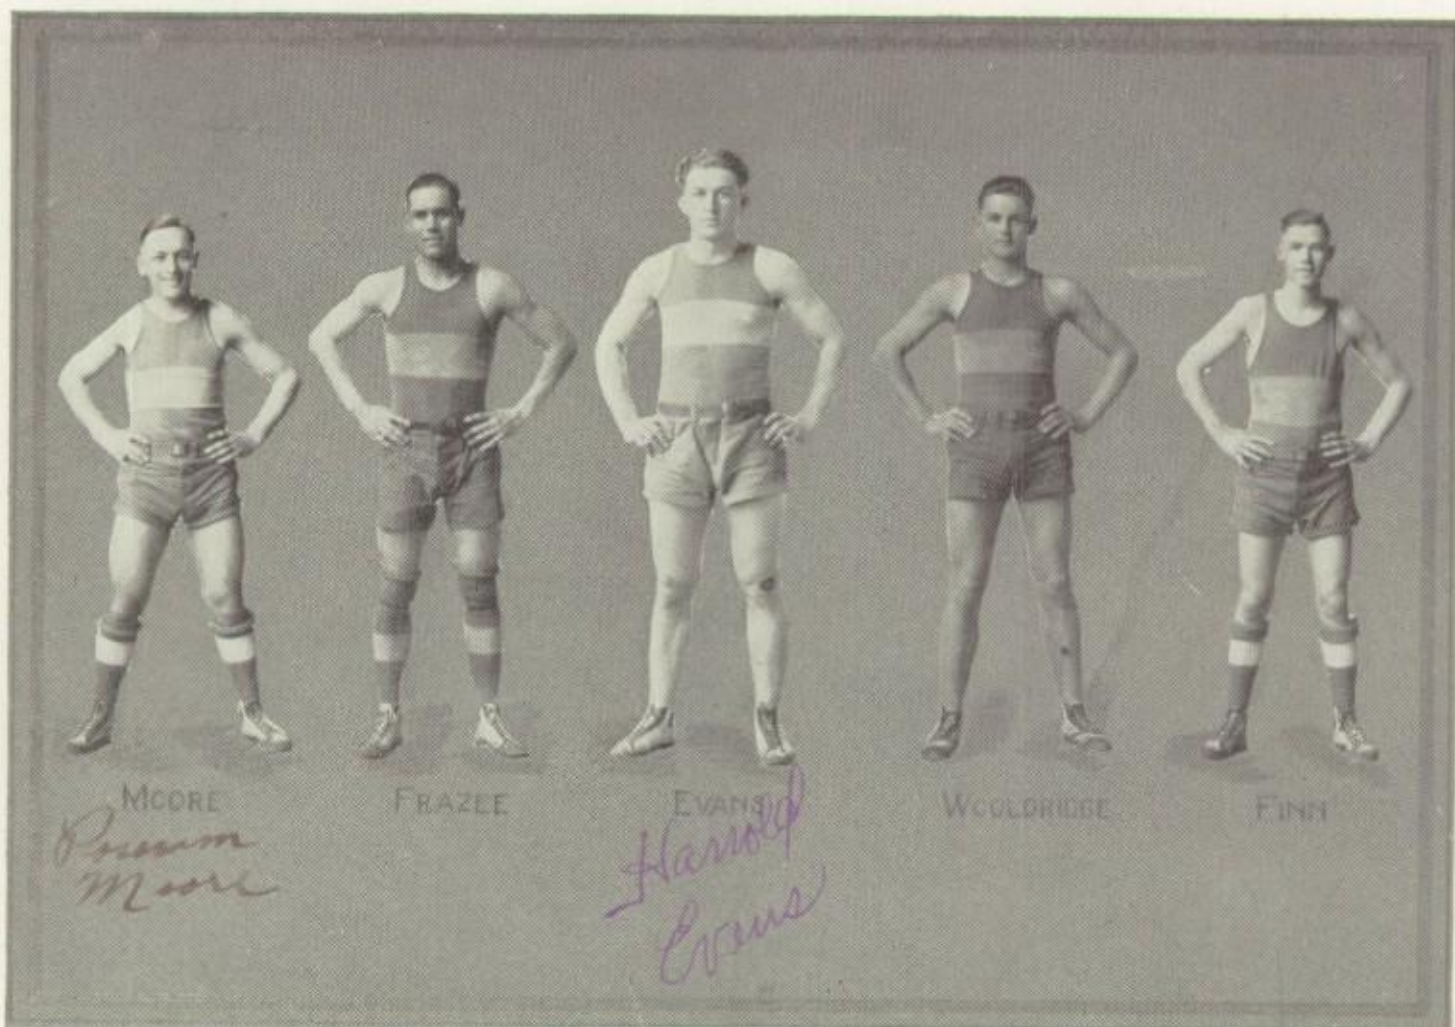

Then after several weeks of hard practice and rigid training, the team was ready for its first clash. Stephenville was selected as the victim. But Central was not in good form, winning only one of the two games. Then she beat Arlington Heights, North Side and Poly in the approved one, two, three style.

Next came the big time of the season, the time when a team must be selected to go to the district tournament at Denton. Central had won the city championship and expected to go to the meet. But for some unknown reason, the squawking Poly Parrots, a team which Central had decisively beaten, was selected to represent Fort Worth. Although the morale of the team was somewhat shattered by this injustice, it came back and won the inter-city championship of Fort Worth and Dallas. Then Central journeyed to Dallas to attend the A. A. U. meet.

The boys were off form the first game and this, coupled with much hard luck, caused them to lose it. But they showed their fight and determination by winning the rest of their games and bringing home the Consolation Cup. By hard work and good coaching, Central lost only two games throughout the season. Thus ended the most successful basketball season Central has ever had.

JOHNSON ..... *Forward*  
*Captain, '21*

"Deadhorse" was the high point man of the squad. He was a great offensive man. He was fast on his feet and had a habit of finding the basket quite often. He is due to have a great season next year.

STEADMAN ..... *Forward*  
*Captain-Elect*

When fight was needed "Slim" always came through with it. He was due for a good season this year and he surely had it. With his two years' experience on the team, he will make a good captain next year.

WOOLDRIDGE ..... *Center*

"Tad" hails from Lubbock, Texas. He found plenty of space to be filled around the center of the court and, being accustomed to plenty of room, he surely filled it. Bill James will be hard pressed to replace this youngster next year.

FRAZEE ..... *Guard*

No mistake was made when "Don" was selected on the all-city team. He is one of the best basketball players this city has ever produced. He is a great defensive man and can also take the ball down the court.

BAKER ..... *Guard*  
*Captain, '23*

"Punk" was the hard-playing guard and captain who led Central's fighting basketball team through its most successful season. His skill, courage and strength allowed him to play a fast, furious game. Central is losing a wonderful athlete when "Punk" graduates this year.

MOORE ..... *Guard*

"Poss" always had an abundance of speed and when he was in the game he surely dealt misery to the opposition. "Poss" kept his end of the court well covered and managed to get a good share of the goals.

EVANS ..... *Guard*

Harold came into our midst at the beginning of the second term from West Side High. His willingness, hard working, and ability soon earned him a position on the team. He always gave his best and it will be Central's loss when he finishes in June.

FINN ..... *Forward*

Although small in stature, Marvin always drew a large share of the opposition's attention. "Chink" was a good floor man and could advance the ball with the best of them. He was very accurate at hitting the basket.

## GIRLS' BASKETBALL

**D**ESPITE the fact that the members of the Girls' Basketball Team had many difficulties to overcome, with that fighting spirit characteristic of Central and that never-say-die attitude, they made a successful season. The chief difficulty in the first part of the season was in obtaining a gymnasium in which to practice. But, having obtained one at last, under the direction of Coach James, they turned the tables and defeated all the other city high school teams except one.

Jessie Belle McCall and Elizabeth Strickland (captain) who seemed unable to miss the basket, were the forwards who kept the scorekeepers continually sharpening their pencils.

Marguerite Burdett, Bernice Banes and Mona Brown, working well in center, kept the ball near Central's goal.

Margaret Horton, Udel Gray, Bernice Simmons and Mildred Lanham, at the guards' positions, were always to be depended upon. Peggy Horton and Udel Gray were the stars of most of the games, although all of the girls did some fine playing.

Only three "letter men," Jimmie Banes, "Muggins" Burdett and Mildred Lanham, will be back next year, but with these three as a nucleus of a team, and with a permanent place to practice, the prospects for next year's team look unusually promising.

## TRACK TEAM

**T**HIS year has been the most successful in the history of Central High's track teams. The boys started training early and were in fine condition by the time the season opened, which was proved in the city meet when they romped off with more points than all the other teams combined. Next week they took first honors in the high school class of the invitation meet at Baylor, being defeated only by Allen Academy. The Central relay team carried away first place in that event at Denton, though Forest High of Dallas nosed the boys out for the district championship. As the Panther goes to press, the State meet has not yet been held, but it may be safely said that Central will give somebody a hot race for first honors.

Captain Johnson is the high point man of the team and won his two events, the 440 and 880-yard dashes in every meet he has entered. He also runs the last lap of the relay.

Bassenger is a high jumper and pole-vaulter of no mean ability. He won both events in the city meet and took the pole-vault at Denton, clearing a height of 10 feet and 9 inches.

Williams is the star "rabbit" man, as he won both the hundred and the two-twenty-yard dashes in the city meet. He is also an important cog in the relay machine.

Both Ward and Brasted put the shot, hurl the discus, and run the quarter-mile race and the relay. Todd broad-jumps, high-jumps, hurdles, runs the dashes or the distances, just as the occasion demands. Hendrix puts the shot, hurls the discus and runs the dashes. Pruden broad-jumps and runs the dashes.

## THINGS THAT NEVER HAPPEN

---

IT WAS a glorious moment. Tucked securely under his arm was the ball, and before him stretched an open field. He was sprinting — — sprinting with all he had — — and white line after white line flew under foot as he tore towards that last white line that meant so much. The blood was pounding his ears, and his breath was coming in painful gasps. Through an indistinct haze he could see the goal posts dancing before him, and faintly, as if from miles away, the frenzied cheering of a suddenly insane crowd reached his ears. He smiled inwardly, and with every muscle straining, urged himself on.

And then — — he stopped! Three feet from the goal line he stopped, gazed anxiously around, dropped the ball, and with head bowed and great tears streaming from his eyes, strode off the field.

He had remembered that he had an appointment with his English prof at four o'clock.

THE ATHLETIC ASSOCIATION was organized September 24, 1922, for the purpose of supporting all forms of athletics in Senior High School. The members were selected from their respective rooms on their ability to boost all athletic movements.

At the first meeting officers were chosen and Mr. James, the football coach, was unanimously chosen sponsor.

The members of the association did their utmost to help the various teams to victory. They sold tickets to all games, and accompanied the team on its trips, whenever possible.

At the close of the football season the Athletic Association gave an entertainment, the proceeds of which were used to give the football players a banquet. Each member showed his appreciation of the work of the team by working diligently to make the banquet a success. It was immensely enjoyed by those bashful heroes and their fair ladies.

Let us hope that the Athletic Association will never cease to be a factor in the athletics of Central High.

A Hearty Welcome All the Time To All Our Student Friends

A judge once said to a grand jury:  
"Gentlemen, you will please take your  
accustomed place in the court." Ten of  
them crowded into the dock.

1st Dumbell: "What did you do last  
night?"

2nd D. M.: "Nothing."

1st D. B.: "How did you know when to  
quit?"

Peyton Bryan got a job at a lumber  
camp. At the end of an hour the regular  
worker regarded his partner with weary  
eyes.

"Sonny," he said, "I don't mind you rid-  
ing on the saw, but if it's all the same to  
you, I wish you wouldn't scrape your feet  
on the ground."

He: "Gillette, me kiss you."

She: "I'm Eveready."

"There's one thing the prohibitionists  
haven't prevented yet."

"What's that?"

"The street cars from getting full."

Billie B.: "Did you ever eat a square  
meal, Bill?"

Bill W.: "Why, yes."

Billie B.: "Well, did the corners hurt  
your stomach?"

Two young men were proceeding home  
one night when a highwayman inter-  
rupted their progress with a stern  
"Hands up!"

Whereupon the smaller of the two  
breaks out, "Pardon, sir, but I owe my  
friend twenty dollars. May I pay him be-  
fore the proceedings go any further?"

"The night wore on."

"What did it wear?"

"The close of day."

"We have a cuckoo clock in our room."  
"Ours doesn't work very well, either."

"Say, there, black man, cain't yo' play  
honest? Ah knows what cairds ah done  
dealt you."

Joe Thomas (handing in poem): "I put  
my whole mind in this poem."

Miss Gardener: "Evidently, I see it's  
blank verse."

Geology Prof.: "The class will now  
name some of the lower species of ani-  
mals, starting with Mr. Smith."

He: "Do you know why we call our  
language the mother tongue?"

She: "No, why?"

He: "Because father never gets a chance  
to use it."

Rube: "What, going fishing with a  
mouse for bait?"

Boy: "Yeh, I'm going after catfish."

Down our way they tell of a man who  
was so hard that he could ride a porcupine  
through a bed of cactus and never get a  
scratch.

Sweet young thing driving through  
suburb: "Would you like to see where I  
was vaccinated?"

He, with enthusiasm: "Sure."

S. Y. T., pointing toward house which  
they had just passed: "Well, right in  
there."

## DID HE GET FIRED?

Mr. and Mrs. Elite finally decided to make a necessary round of calls. They were seated in their limousine, about ready to start, when they discovered that their cards had been left behind. Accordingly, the chauffeur—new in their employ—was sent to get them from Mrs. Elite's desk.

The callers stopped at many houses, and when those favored were not at home, the chauffeur was told to leave one or two cards. Upon stopping at one large house, Mrs. Elite told him to leave three.

"Can't do it, ma'am," was the reply. "I only have two left, the two of hearts and the ten of spades!"

Q., Chairman of the Committee for Investigating the Disposal of Decrepit Chalk Erasers, President of the Society for the Abolition of Club Pins, Mascot of the Kindergarten Debating Club.

"Dissertation on the Distracting Influences of Moonlight When Endeavoring to Catch Frogs."—By Coach "Sorghum Bill." Dedicated to K. H., last of the Centre College heroes to fall before the onslaught of the eternal feminine. Coach at last shows signs of weakening, especially when under the influence of moonlight, on a frog-hunt.

"Pink Elephants and Mauve Mice"—By Raz Pemberton. Of the newer school of poets is this refreshing writer with his delicacy of imagery. Perhaps the most typical of his hooch-inspired poems is this revision of the "Death of the Flowers":

"The snow is come, the ground is friz

Stude: "Madam, there are fleas in  
my room."

Landlady: "Fleas I haven't a single  
flea in my house."

Stude: "That's right, too, they are all  
married and have large families."

The boy stood on the burning deck  
Of the flaming steaming ship.  
"Oh, Gosh," he cried, "my spirit will fly  
When the thirsty flames reach my hip."

~ ~ ~

"I'll bite, what is it?" said the moquito  
to his mate, as they landed on the wax  
model.

~ ~ ~

Was Jack heartbroken when you jilted  
him?"

"I should say not. He was perfectly  
horrid."

"What did he do?"

"When I gave him back the ring he took  
a little file out of his pocket and made  
a notch on the inside."

"What was horrid about that?"

"There were five notches in it already."

## THE ABSENT-MINDED PROF. AGAIN

Professor Brown was walking  
Down the busy city street,  
In absent-minded stalking,  
Merely following his feet.  
A close acquaintaince, meeting  
The professor in the town,  
Exclaimed, in hearty greeting,  
"If it isn't Doctor Brown!"  
The doctor let the greeting pass  
In placid vacancy.  
Then, glancing in a looking-glass,  
"Why, so it is!" said he.

~ ~ ~

"Naw—she's not two-faced."  
"Zat so?"

"She wouldn't wear that one if she  
were."

~ ~ ~

Daffy: "What kind of a girl is she?"

Dill: "About the middle of the evening  
she plays 'Lovable Eyes' on the piano,  
but when it's time to go she merely sings  
'Leave Me With a Smile.'"

~ ~ ~

Mule in the barnyard, sleepy and slick.  
Boy with a cocklebur on a stick.  
Creeps up behind him, quiet as a mouse—  
Crepe on the door of the little boy's house.

~ ~ ~

Last week a man was being married  
and when the preacher said, "this is your  
lawfully wedded wife," the dumb brute  
turned and said, "Glad to know yuh."

~ ~ ~

"Is your father home, little boy?"

"No, he ain't been home since maw  
caught Santy kissing the cook."

With the advent of the automobile,  
manufacturers of front porches went out  
of business.

## SOCIETY

Liz Kemble showed a bunch of her young friends a good time at a quilting party the other night. We heard they stayed up till nine o'clock. Be careful, Liz.

Chester Haltom says the corn-shucking bee out to his farm was a dad-burned stylish affair, as lots of the fellers wore new gloves.

The readers will be interested to know that the horse-shoe pegs have been moved from in front of Mr. Thomas's bank over in the shade of the Winfield livery stable. Good, says we.

Our friend, Archie Poston, who is one of the most fancy dressers in this town, has bought a new belt. Better look out, girls, say we.

Mr. Pemberton says he wishes those fellers that hang around his bank all day would bring in some fire-wood every once in a while to pay for their standing room.

The new pair of horses Leonard Keith is driving to his buggy sure are bang-up steppers. Several girls have been driving with him already and he says he will have the horses trained to go by themselves pretty soon. Lucky dog, say we.

The Tuesday Afternoon Ladies Sewing Circle met yesterday at the residence of Miss Helen Hammond. A good time was not enjoyed, as all the members were present and there was no one to talk about.

Joe Thomas was in our office today with the biggest watermelon grown in this locality in several years. This shows what that Mistletoe Heights black soil can do.

The village peddler says there are several new holes in Rosedale just before you turn off on Forest Boulevard. Impossible, say we.

## COWTOWN CALFS DEFEAT WAUTAUGA WOLVES

The peerless broken-field running of H. L. Shepherd, triple threat man, was responsible for the one-sided score in the Fort Worth and Wautauga football game yesterday. This brainy Wautauga half stepped sixty yards for a touch-back and the only score of the game in the third quarter.

## OBITUARY

James Cockleburr, one of our subscribers and best bean cook in Cowtown, was found deceased in his room this morning.

Mr. Cockleburr was several months behind with his subscription and if our other subscriber doesn't pay up pretty soon we shall have to suspend publication until we can sell our overcoat.

## LOCAL GIRL WINS RENOWN AS ARTIST

The many friends of Miss Sunshine Richter will be glad to hear that in the recent contest by artists from all parts of Tarrant County for the prizes offered by the Cowtown Clarion for the most artistically designed sport suit for a scare-crow, the first prize, a hand-embroidered pair of barbed-wire shoelaces, were awarded to Miss Richter.

## TERRIFIC ACCIDENT!

Charlie Little, while driving his father's mules down Main Street yesterday, suffered a severe accident. As he was passing in front of Mr. Stripling's general emporium he turned to wave at Miss Audna Shoemaker, just as his front wheels struck a hog which was slumbering in the road. The wagon upset and Mr. Little was injured there at the cross-street. The hog was badly skinned, which served him right, say we.

### EDUCATION IS A BUSINESS

It's a big business; upon it depends all other Businesses, even Free Government. Let's say "amen" to this keynote from David C. Barrow, Chancellor of the University of Georgia. It simply means that the more folks know about everything, the better everything will be for more folks. And not only is Education a Business, but Business is an Education and a mighty valuable one.

In our Business, the many things we learn not only about store-keeping, but also about living, makes us glad that school never closes.
